THE MILITARY ACADEMY.

A theatre party to see "Ben Hur" is a thing of the near future.

The band was organized last Thursday, and before long we may expect to hear the sweet (?) strains of the beginners.

The battalion has been fully organized during the last week. All the men and officers have been assigned to their proper companies.

Quite a number of the cadets and all the members of the foot ball team, accompanied by Coach Hunter, took in the foot ball game at Evanston last Saturday.

The Highland Park Indoor Base Ball Team took sweet revenge last Saturday evening by defeating the cadet team by the score of 11 to 9. The cadets, having twice beaten the Park boys, grew over confident and careless.

An impromptu musical was given by Miss Schultz and Professor Guyton, in the academy parlors a few evenings ago. Miss Schultz played the piano and Professor Guyton, the cornet, while the cadets and faculty made up the audience.

The Cadets will play the Evanston high school eleven on the academy grounds next Saturday. The Evanston boys are in good training and have a good record, so an interesting game is expected.

The Chicago papers seem determined to kill off some of the cadets. Failing in their effort to have bad foot ball accidents, etc., they have now taken to killing the boys by means of railway accidents. Tuesday's papers tell of the killing of two N. M. A. Cadets out in Iowa, but as the boys are all at the academy we are at a loss to know just who were the ones killed in Iowa.

The senior and junior classes had an old fashioned "spelling bee" last

Saturday night. The man who stood up the longest was to receive a prize, and another prize was to be given to the class of which he was a member. Cadet Manard ('03) was the winner and received for his prize a sofa pillow. The juniors ate "fudges" and were thankful that Maynard was one of their men. The prizes given were the work of Mrs. R. P. Davidson, to whom credit must be given for the success of the affair.

Brain Food-Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at G. B. Cummings'.
