NEW HOSE HOUSE.

The boys of the Highland Park fire depertment will give a masquer ade ball on Thursday, February in Goldburg's opera house. The merchants and all residents of the Park are buying more tickets for this ball than ever before, feeling that we have made big improvement in the reorganization of the department. Some merchants have bought as high as eight and ten pan tickets, some of the large property owners doing likewise. This is the right way for the people to give the fire laddies encouragement. They have planned to build a hose house and if the people will take an inter-

Mr. Evans made no fuss about it, issued no threats of what he would do if the road did not concede the as well as for the residents of the Park to have this round trip ticket at thirty cents and made it so. Mr. Evans' character stands for something with the men and corporations who have dealings with this city. Tickets are now on sale at Cummings' drug store.

TIN WEDDING SURPRISE.

Mr. and Mrs. Richard Tillman, save a few about the pulpit banked Park, were very pleasantly surprised last evening to have between forty and fifty of their friends come into useful tinware and a bountiful suptenth anniversary of their marriage.

After all had gathered, some fitting remarks were made by the pastor, Rev. A. Haefele. Prayer was offered, a song sung, and then a souvenir was presented by the president of the Woman's Missionary Society, with appropriate remarks. banded together for religious work and social culture, seeking to help others and helping one another at the same time.

A pleasant social time followed. Most excellent and bounteous refreshments were served and all enjoyed the evening. But it did make Mr. Tillman sweat when in the presence of the company he attempted to cut the bride's cake and could not make the knife penetrate it. Mrs. Tillman, too, tried her hand at it in vain. The mystery was explained when the nicely frosted cake, adorned with tin buttons, was turned upside down and proved to be a new tin

The whole affair was plotted by the Woman's Missionary Society, of which Mrs. Tillman is a member.

At the close of the gathering Mr. Tillman, in a few words, expressed his appreciation of the good will shown him and his family and gave a standing invitation to visit them at any time.
