DON'T FORGET

The Northwestern Store FOR BARGAINS

THE MONTE CARLO.

The folks along this north shore are all stirred up over the reputed Monte Carlo recently established on the Carlson farm, west of town. There were one or two meetings in town last week, one in Lake Forest last Saturday night, and one planned for tomorrow (Saturday) afternoon at 2:45 o'clock in the City Hall at Lake Forest. The case was reported at length in the Baptist church Sunday morning and we suppose also in the other churches so that our people are thoroughly aroused. If such an institution is really established for gambling purposes, of course the state is competent to squelch it; but mere talk and resolutions will not do it. The devil is not frightened at a scarecrow; he has seen too many and knows a man of straw when he sees him.
 The following call has been sent out to the mayors and executive officers of each town or village in Lake county:
WHEREAS, We are informed that an establishment has been recently created in the Township of Deerfield for the purpose of betting and gaming in violation of the criminal laws of this state, the chief promoters of which are non-residents of this county, and have located at the point aforesaid solely for the reason that the enforcement of the law has driven them from the City of Chicago and elsewhere, and
WHEREAS, We believe that the location of such an institution within the limits of Lake county, with the advent of the disreputable element incident thereto, is a standing menace to the fair name of the County of Lake and to the safety of its inhabitants,
 Resolved, Therefore, that a convention of the law-abiding citizens of this county be called to meet in the public library room in the city hall building of the City of Lake Forest, on Saturday, January 11, 1902, at 2:45 o'clock p. m., for the purpose of organizing a county association, the object of which shall be to render from time to time, as occasion shall require, such aid to the state's attorney, financially or other-

wise, as will insure the prompt and vigorous enforcement of the criminal laws of the state;
 Resolved, Further, that the secretary of this meeting be instructed to send a copy of these resolutions to the executive officer of each city and village in said Lake county, with the request that if in sympathy with the movement they appoint such a number of delegates as to them shall seem proper to attend said convention and assist in perfecting said organization.
MAYOR'S MESSAGE.
 The following is a message sent by Mayor Evans to the council, Tuesday night, in regard to the Highland Park fire department:
 Highland Park, Ill., Jan 7, 1902.
GENTLEMEN OF THE CITY COUNCIL, OF THE CITY OF HIGHLAND PARK;
 I wish to call your attention to the condition of the fire department of this city and its equipment.
 The fire department has about two thousand dollars worth of property, consisting of two hose carts, hook and ladder truck and about three thousand feet of hose, this property is kept in an old leaky shed in the rear of the City Building, with no place to hang up the hose to dry after their return from a fire.
 I believe you gentlemen will agree with me when I state that the services of those men have been excellent and that they have been so prompt in their discharge of duty that they have had almost immediately control of all fires and many times have been a disaster.
 I have heard many complaints from the firemen that they are not doing what it ought to do. They supply themselves with rubber coats and hats, the city simply furnishing hose and that we should arrange for the department of Lake Forest, Fox Lake and Winnetka to do for their department.
 Now, gentlemen, your water fund with good bills now outstanding collected, will have credit. Would it not be a wise step to take about half

put up and equip a good substantial brick building, say about 20x50 feet with a fifty-foot tower, on the northwest corner of the the present City Building lot, fronting on Green street, cement the ground floor for the use of the carts, ladder wagons, etc., leaving the second story unfinished for the time being. After having given this matter a great deal of thought and after frequent counsels with various members of the fire department, some such plan as the above seems to me to be the wisest, cheapest and most economical in the end.
 This is one of Highland Park's greatest needs and I commend it to your immediate and careful consideration.
 Respectfully yours,
R. G. EVANS, Mayor.

HIGHWOOD

Rummage sale is coming.
 Miss Muller was a guest of Miss DeRoo for a few days.
 Miss Cooper, formerly principal of the Highwood school, is teaching at Waukegan.
 The Ladies Auxiliary of the M. E. church had their annual election of officers. Mrs. C. Boyd, president; Mrs. B. O. Fritsch, first vice president; Mrs. Price, second vice president; Mrs. K. Kelley, treasurer; Mrs. O. L. Oleson, secretary.
 Death has taken from our midst, a much respected and honored citizen and friend, John Mahan. Some sixty years ago, Mr. Mahan bought land from the government, part of which is the farm on which Mr. Mahan lived. John was born here, the house no longer stands, but Mr. F. Reed's residence is on the site, and it might be mentioned here, that Mrs. Reed (Mr. Mahan's sister) is the last of the Mahan family, which numbered eleven children. Mr. Mahan was fifty nine years old. He served the last year of the civil war, took part in the battles which followed the Custer massacre, served two enlistments in the regular army, ranking as sergeant. Mr. Mahan was not only a good soldier, but a good road commissioner as well, having served the township as that officer for more than twenty years. Mr. Mahan married Marie Curley twenty-two years ago. There were seven children. The widow and six children survive him, five sons and one daughter, the other son died several years ago. The

funeral was Wednesday at 10 a. m. Interment at Cordoroy. The family have the sympathy of the community in their bereavement.

Brain-Food Nonsense.
 Another ridiculous food tad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at G. B. Cummings'.
