## BANK DOORS ARE CLOSED

### CITY SAVINGS INSTITUTION AT DETROIT IN TROUBLE.

Bank Commissioner Takes Possession in the Interest of Depositors and Creditors—Vice-President of Depository Said to be Responsible for the Embarrassment of the Concern—Depositors May Not Lose.

Detroit, Mich., Feb. 11.—Vice President Frank C. Andrews of the City Savings bank, which has been in the hands of State Banking Commissioner Maltz since morning, was arrested this afternoon and arraigned on the charge of "wilfully, fraudulently and knowingly" securing from the bank, without security and without the knowledge of the other directors, a sum exceeding \$1,000,000. He was released on \$10,000 bail and his examination is set for Feb. 21. Cashier Henry C. Andrews, through whom F. C. Andrews is said to have secured the money by means of overdrafts and certified checks, is seriously ill with nervous prostration.

In addition to his total indebtedness to the City Savings bank for \$1,158,000, to secure which Andrews signed over to that institution all his real estate and securities, which it is estimated will total \$1,000,000, four local banks and a trust company hold his checks, certified by Cashier Andrews to the amount of \$662,000. A considerable number of these checks are protected by securities deposited with them by Andrews.

Commissioner Maltz found that Cashier Andrews had permitted F. C. Andrews to overdraw his account \$914,000. Other liabilities brought F. C. Andrews' total indebtedness up to \$1,158,000. In addition to this, Cashier Andrews had certified to checks for F. C. Andrews, which he had deposited in other banks, to the amount of \$662,000. At the close of the examination Commissioner Maltz tonight issued this statement of the condition of the bank's condition on Feb. 8:

The bank was the depository for funds of the county auditors, their balance there being more than \$150,000, and F. C. Andrews was arrested this afternoon on a complaint sworn out by Auditor Christian. The bank was also the depository for the board of education, which had \$467,000 on deposit. The other local banks will temporarily advance funds to the board of education for salaries and running expenses.
