A subscriber of the NEWS-LETTER asked our local agent this question. "Suppose," he said, "that a newly married couple and the groom's mother went out for a boat ride and the boat capsized, and he (the groom) could save only one, either his wife or his mother. Which one ought he to save?" Will the editor of this paper please answer this question? Answer—Never cross a bridge until you get to it.

The New Trier township high school board held a meeting in the Glencoe school house last Friday evening, for the purpose of giving the high school teachers an opportunity of meeting the parents and citizens of Glencoe. The assembly hall was comfortably filled and the audience enjoyed some interesting talks by President Merritt Starr, of the board; Mr. Andrew MacLeish, of Glencoe, and Principal Frank L. Smart, of the high school. General Howard presided gracefully, and after the regular program was concluded, the ladies of the village served light refreshments. The famous Lotus Male Quartette was present and rendered several selections, which were thoroughly enjoyed.

The Postal telegraph folks are making a big fight for a cable to the Philippines without any government subsidy or other help from the public crib. The Postal has made big cuts in rates, of which the public get the benefit. James H. Duffy is their agent in this city.

Something like a thousand soldiers left Fort Sheridan yesterday for the Philippines. We told one big brave looking fellow to be careful and not hurt the Filipinos and his reply was "Well, I guess we have too look out that they don't hurt us." Guess he was about right, too.

The soldiers, eight hundred in number, left Fort Sheridan for the Philippines yesterday. It was a sad, as well as an inspiring sight, for many of them left families. It took forty-seven coaches, nine baggage cars, three regular Pullmans, for the officers and their families, and three extras, in case of sickness. The special train went out in three sections, at 11, 12:30 and 2 o'clock. They sail from San Francisco in a few days after reaching there.

Mr. James Hesler, of Ravinia, had some extra fine labels printed at the NEWS-LETTER office, this week, for his horseradish bottles. He felt so proud of them and the quality of goods enclosed in the bottles that he presented the office staff with some samples and had them all weeping for joy.

They had a lawsuit in Tennessee a few days ago over the question of how many times a week a school-ma'am should be allowed to receive calls from her beau. They proved that he had called three times a week, and the judge ruled that was not too often. We guess Tennessee justice is good enough for us.

The last few days had the weather that makes the farmers in maple sugar countries think of getting out their sap buckets, evaporating pans, as well as the molds for "caking" the sugar into bricks, as customers call them. There is a pretty good chapter on maple sugar making in the "Man from Glengary."

The Rugby hockey club, of Kenilworth, played our Drumtochty's Wednesday evening and Tuesday afternoon, and they were cleaned out both times. Tuesday the score was 1 to 0, and Wednesday 2 to 1. Schmid and a number of other friends. Rev. Schmid favored the party with a reading from Walter Scott's "Lady of the Lake," which was admirably rendered. The evening was spent in a pleasant manner.

A letter from Attorney Smoot, as we go to press tells of his life in Mobile, where he is stopping. He says it is a great place for men with capital andumption. He leaves there for home today or tomorrow. He also says Mrs. Smoot is much interested in the mahogany furniture in second hand stores, once owned by the old "befo'e de wah" grandees of the south. Mr. Smoot is very much improved.

Henry Mowers, the venerable old time resident of this city, who lives up near Alfred St. Peter's, has his cup of trouble all. Some time ago he foolishly indulged in a raffle for a monkey and drew the beast, which he took home and petted as one would remote ancestors. By and by said Henry Mowers wanted to go to Chicago and see the "Tiger." It took him all day, and the day was cold. The animal became lonesome without "Hank" and got out of doors sat on a tree waiting for his master's return till his caudal appendage was frozen stiff, and had to come off. Hence Henry's tears.
