you think, if you were an editor, that you could remain neutral, not say a word and retain the good will of all? No more than a man can court two 18 year old girls at one and the same time and keep them both good natured. Then don't expect too much of a publisher. Don't ask him to enter into every little quarrel of yours and make it his fight. And don't by any means think that everything he says is meant for you. You may be a very important member of the human family but you are not the whole thing and it is just as possible there are others. If you find things in a paper that you can't agree with don't get mad at the editor just because he thinks different from you in some things, a blessing in disguise. If he thought just the same as you did in all things he would most certainly be trying his best to alienate your wife's affections. They

Now's the time, spring time. Take Rocky Mountain Tea; keeps the whole family well. A great medicine for spring tiredness. 35c. Geo. B. Cummings. eg-1
