This is the last month bicycles can go on the sidewalks.

George B. Cummings has rented his house for the season.

Fred P. Luther returned from his St. Paul trip Sunday noon.

We can outfit you with a few choice houses if you call early.

Miss Vetter entertained Miss Kurt of Milwaukee, several days this week.

Mr. Frank Kraysher, of Chicago, was the guest of her cousin, Mrs. A. E. Dorsey, last week.

Order sparkling spring water of William Tillman. Telephone 494. Prompt delivery free.

For Sale Cheap—Lady's bicycle; in good condition. Address P. O. Box 465, Highland Park.

Rev. Edwin W. Lounsbury gave a stirring missionary address Sunday evening to the B. Y. P. U.

Henry Schinleber, of Spring Hill, has been visiting with his sisters Mrs. Vetter and Mrs. Bock.

We will be thankful for any item of local news or matter of public interest. Telephone No. 92 or 773

Earl Purdy has packed away his left-over skates in camphor, but he is exceedingly busy selling bicycles.

William King has moved over into one of Mayor Evans' double houses, at 273 Central avenue west.

Mrs. Truman Miller and daughter have moved into the second story flat in the F. L. Hill house on Forest avenue.

No charge for advertising your property unless we succeed in selling or renting. North Shore Renting Agency.

Don't forget that you can save dollars on taxes a year hence if you turn out and vote at the township school election April 12.

Frank P. Hawkins, feeling his responsibility as this city's first mayor in 1869, is having his life long home on Laurel avenue repainted.

F. H. Babcock, who lately pur-

avenue, is erecting a fine poultry house back of his garden lot.

What other town can show a balance of \$1,768 75 on hand to start out the next year? Stand up and be counted. How many are there in Lake county?

The Gas company commences to put in services the first of April. If you contemplate using gas this summer it will leave your lawn in better shape to have the work done early.

It was a little winter-like with two inches of fresh snow Easter morning, but the new bonnets got out all right, and hence there was a large attendance at the 5 o'clock vesper service.

Another counterfeit bill is afloat. It is a \$5 note on the Union National bank, of New Orleans. We hope our patrons in the Crescent City will be careful about sending any of them to us in their remittances.

Rev. George Schmid, of the Ebenezer church, preached his farewell sermon last Sunday night and has gone to Minneapolis, being transferred to another conference, and the church is waiting their new man.

Yesterday was ours, but it is gone. Tomorrow will be, but never is. Today is all we possess. Therefore in the golden hour of the present the seeds are sown whereby the harvest for good or evil is to be reaped.

Recently a strange bit of money came into the hands of a conductor on an Atlantic coast line railway. It was a prosperous-looking \$5 bill, none the worse for wear, and across its face was written: "Last of \$50,000 inheritance. Wine, women and cards caused it."

Rumor has it that W. O. Hipwell has rented his home for the season and that he will put his family into the new house going up on that so-called "Indian mound," just east of his residence, as soon as it is done, and then hie himself away to the Lakes of Killarney.

Be polite under all circumstances. It is the proper thing. Of all things, do not go where you are not invited. Therefore you should not enter a store where they do not advertise. Such places are private property and should not be invaded by the public unless a special invitation is given.

The last meeting of the town board was so harmonious and pleasant that George Hesler, when the business was all done, expressed his gratification and said it was not much like some other meetings he had attended of late years, and then went out and treated the whole board to cigars.

Our two German Evangelical churches are having new pastors this year. The brick church folks have Rev. J. G. Finkbeiner, who came from Dixon, Wednesday. He is a young man who looks as though he has brains and knows how to use them. He will preach right from a warm Christian heart.

W. E. Brand, Insurance Agent.

Don't drink all the microbes that are churned up in the water of Lake Michigan at this time of the year. The board of health of Chicago has notified the citizens to boil the water twenty minutes. Not necessary to do that here. It is cheaper to buy sparkling spring water and save ice and doctor bills William Tillman. Telephone 494.

Our highway surveyors put 2,269 yards of gravel on the streets last year, outside the corporate limits of Highland Park and Highwood. As it takes about 1,000 yards to do a mile, well, you can see how much they have done. They put it on in the fall and winter as far as possible so it will grind into the clay while wet and soft. Several bridges have been repaired and one or more new ones built.

There will be two stereopticon lectures at the Presbyterian church on Friday, April 11, and Friday, April 18. The lecturer, Mr. Nat Brigham, makes a specialty of the west, and has a great number of very beautiful pictures. Mr. Brigham is also a singer and illustrates his lectures with Indian and Mexican songs. The lecture on the 11th will be on "The Grand Cañon of Arizona." That of the 18th on "The Land of the Snake Dance." Tickets for the two lectures are 50 cents, while a ticket for a single lecture will be 35 cents. 19-21

**NOTICE—IMPORTANT.**  
See that your gas service is in ahead of the lawn. The Gas company commences the outside work the first of April, and as they have already received a great many orders, you should place yours immediately to insure the work being done by May 1.
