Col. H. P. Davidson, of the Northwestern Military Academy, is at Detroit, Mich., this week, where he has been call to meet some of the representatives of the military academy of that city, looking to a combination of the two schools in the near future. The proposition is to remove to Detroit and consolidate under one head.

Mr. Wm. Tillman has purchased over a hundred new 10-gallon galvanized iron water tanks for the family trade in Sparkling Spring Water. A shipment of several gross of ½ gallon bottles has just been received. The spring water has had an exceptionally large sale this spring on account of the contamination of the lake water by sewerage, caused by the winds blowing in the direction of the crib from off shore this season.

## SECOND ANNUAL MEETING OF HIGH SCHOOL ALUMNI.

A large and jolly company met at the high school Wednesday night to renew old acquaintanceship and plan for its continuance.

The president of the association, Samuel J. Pease, the first male graduate of the high school, was in Denver, Col., so was unable to preside. Everyone regretted his absence, for as the historian said, "we are proud of Sam Pease." The vice-president, Miss Julia McCaffrey, was unable to be present, so Miss Emma Alford was elected chairman of the meeting.

Letters were read from absent members, letters which expressed regret because of enforced absence, but full of loyalty to the school and affection for their old schoolmates.

A constitution and by-laws were offered by a committee appointed last year for that purpose.

Some discussion arose over the clause fixing the qualifications for membership in the association.

Besides graduates of the Township high school, there was an evident desire that graduates of the old Highland Park high school should be eligible to membership.

Prof. John T. Ray, the first principal of the Township high school and former Supt. of Highland Park, was present and gave a brief history of the formation of the present high school. Without a dissenting voice, the constitution as adopted, made all graduates of the high school of Highland Park eligible to membership.

A program of instrumental and vocal music and recitations was enjoyed and a history of the accomplishments, mishaps and marriages of alumni was read by the historian, Geo. Millard, of the class of '98. It was a bright, well written paper, and was thoroughly enjoyed by the alumni.

The young ladies of the association deserve great credit for the enjoyable refreshments provided.

The board of education was present and added dignity to the occasion.

Some of the alumni expressed regret that such a good thing came but once a year.

As Prof. Ray said, "the possibilities for the good of the school, in the alumni association, are many." There is no reason why the alumni should not, in the near future, be represented in its management.

The graduates of the school are bound to be a strong influence in this township.

The officers for the coming year were elected as follows:

President—Mrs. Alice McCaffrey Duffy.  
Vice-President—Emily Obee.  
Secretary—James Culver Shields.  
Treasurer—Mayme Vetter.  
Historian—Geo. Millard (permanent).
