RAVINIA SCHOOL.

The closing exercises at the Ravinia school on last Thursday afternoon were a delightful departure from the traditional program. The school, which is under the able supervision of Mrs. A. B. Bastin, pre-

defined a definite idea of the everyday work done by the pupils.

There was an interesting lesson in bird study, in singing and in geography. The accuracy of the maps drawn upon the blackboard, of Ravinia, Deerfield township, Lake county and Illinois, by four of the scholars, was astonishing.

Owing to the generosity of its two directors, Mr. H. K. Coale and Mr. Riley

and the enthusiasm of its principal, the Ravinia school has a fine and interesting equipment. The little kindergarten looms, the invention and gift of Mr. Comstock, are an unending source of pleasure to the children, and that little fingers are actually taught the art of weaving upon these miniature looms was evidenced by the number of rugs and mats on exhibition.

The feature of the afternoon was the unveiling of a beautiful copy of the Sistine Madonna by Mrs. Benjamin Fessenden. This picture was presented to the school by the Art League of Highland Park.
