Editor NEWS LETTER, Highland
 Park, Ill.—Dear Sir: The proposed
 entertainment for the benefit of Al-
 bert Larson, mentioned in the last
 issue of your paper, is thoughtfulness
 of the right sort. Doubtless many
 people in Highland Park do not
 know Albert Larson, but the writer
 has known him since he was 7
 years of age and has watched with
 interest and admiration the develop-
 ment of a character at once strong,
 true and enviable, made so by his
 love for history, biography and the
 best in literature. Circumstances
 denied Albert college privileges,
 which some of us wished he might
 have, and I learn that his recognition
 of the claims of others upon him has
 kept him from saving up for the
 "rainy day" which is now his por-
 tion. Let everyone strive to make
 the receipts from this entertainment
 far exceed Albert's expenses at the
 hospital, for everyone knows that
 there is a long and weary waiting
 before one is sufficiently recovered
 from typhoid fever to be able to
 work again. Those who respond to
 this appeal are not only helping
 Albert Larson, but they are thereby
 putting a premium on those quali-
 ties of mind and heart which any
 parent might well covet for his son.

Sincerely yours,

Resuscitating Power of Light.
 The extraordinary resuscitating
 power of light received a very curi-
 ous illustration a few years ago in
 the silver mines at Laurim. The
 mines had been abandoned more than
 2,000 years ago as unworkable, and an
 enterprising Briton discovered some
 poppies of a species which had dis-
 appeared for 20 centuries, the seed of
 which had lain dormant beneath the
 slag for 2,000 years. When the slag
 was removed to the furnace the next
 visit to the mine found the entire
 space covered with a most gorgeous
 show of poppies. After their 20 cen-
 turies' rest they had bloomed as vig-
 orously as ever, without the aid of
 a single drop of water or any restora-
 tive other than the rays of the sun.

GLENCOE.

The Glencoe school opened
 Tuesday.
