Mr. and Mrs. D. S. Cook and family, of Chicago, who have been spending the summer at Harbor Point, are sojourning at the Moraine for several weeks.

Dr. Pomeroy, who has been the house physician at the Moraine during the summer, has been called to Buffalo, N. Y., to attend an old patient, and will return Saturday. Dr. Pomeroy intends to locate permanently in our town.

A jolly party, consisting of Mr. and Mrs. Vance, Mr. and Miss Burnett, Messrs. Paul and David Noyes, Miss Alice Orr, and Mr. Phillips, of Evanston, and Miss Vegin, of Yonkers, N. Y., the guests of Mr. and Mrs. Orr, arrived at the Moraine on the "Old Times" coach Saturday evening, where they dined in the Norfolk room, and afterward gave delightful impromptu concert, returning to their homes on a late train.

So many people have inquired whether the Moraine was to be opened all winter or not, and the management is seriously considering the question of keeping the house open, and will do so if enough patronage can be secured. Special winter rates are promised, and as the house is steam heated and can be made perfectly comfortable, there seems to be no reason why, when coal is so high and domestic servants so hard to procure, that a good many residents of the North Shore should not close their houses and live at the hotel. The design is to make the house as little like a hotel as possible and more like a jolly house party. Fifty guest, at least, will be required to pay expenses, and if a requisite number of applications is not made the house will close about October 15. Already quite a few rooms have been applied for, and if anyone contemplates living this way it would be well to make application at once.
