THE MORaine HOTEL

AN ANNOUNCEMENT TO THE PUBLIC

It has been decided to keep the Moraine open during the winter if enough support is promised. The building was constructed for a winter hotel, is steam heated, and can be made comfortable in every way. Specially low rates would be made to permanent winter guests, and large handsomely furnished rooms, with private baths, would be assigned to families. It is thought that in some cases, owing to the high price of coal, and the difficulty in securing domestic help, many residents of the North Shore would find it to their advantage to close their houses and pass the winter at the Moraine, where no effort would be spared to make them comfortable and at the same time relieve them from the annoyances of housekeeping. The hotel features would be eliminated as far as possible, the object being to have a large house party during the winter months. A conveyance would be furnished to carry guests between the hotel and railway station.

Persons wishing to consider this proposition are requested to communicate with the Manager, as, if enough patronage is not offered, the house will close about October 15.

Yours very truly,
MORaine HOTEL COMPANY.
