SHERIDAN ROAD NEWS-LETTER

A Newspaper Devoted to the Interests of the Cities, Towns and Villages Along the North Shore

VOL. XIII.

FRIDAY, JANUARY 9, 1903.

EIGHT PAGES

NO. 7.

Mr. Dorsey has been on a business trip through the central part of the state this week.

Revival meetings are in progress at the First United Evangelical church, and all are heartily welcomed.

Chafing-dish and "progressive" dinner parties are the thing of the season, especially among the young people.

Miss Sarah Wessling has accepted the position of janitress for the ensuing year at the First United Evangelical church.

The Citizens' Association will hold a special meeting in Goldberg's opera house next Tuesday evening at 8 o'clock. A full attendance is requested.

Don't forget the revival meetings at the First Evangelical church. In spite of the cold it will do you good to attend, and the pastor will be glad to welcome you.

Rev. P. O'Dwyer, rector of St. Patrick's church, Lemont, and Very Rev. J. Cregan, C. S. V., superior of Holy Name school, Chicago, visited Father Morrissey, Tuesday.

Robert Raffan froze his ear while walking to work the other morning. Sure sign that it is cold weather, as Rob does not loiter on the corners, but attends strictly to "biz."

The reason they non-suited the case against Fred Rudolph the other day was that "no jury here would find Fred guilty." That's so, for juries are to decide according to the law and the evidence.

Rev. R. Dechlin, of the University of Chicago, will preach in the Baptist church next Sunday with reference to his settlement as pastor of the church. A large attendance of the members of the church is therefore desired by the committee.

Don't forget that the NEWS-LETTER job department is better equipped than ever before to do all kinds of printing, from a lady's calling card to a three-sheet poster.

Mr. J. W. Carver who was held up by footpads on Sheridan Road one evening last week and robbed of his watch and chain, is to be congratulated. The stolen articles were found in a Chicago pawnshop and returned to him Monday evening.

The editorial management of our paper has been under the control of a stranger in our city this week. If you find it not quite up to the standard, blame the new editor. Mr. Hartman, of the Lake Forester, has been doing the work during our absence this week.

The North Shore Electric company's new building is nearing completion. Built as it was around the old structure it was necessarily a slow job. The building is of pressed brick and is a decided improvement to that part of the city. The old building will be torn out in a short time.

The Lake County Medical Association held its regular meeting at the office of Dr. Roberts, in Waukegan, Monday evening. The papers of evening were by Dr. Haren and Dr. Parmenter, of Lake Forest. Dr. Bergen and Dr. Pomeroy, who are members of the association, were both prevented by business from attending the meeting.

The funniest gathering of the winter was a New Years reception to the members of the Highland Park Club at the clubhouse. Some of the guests not getting the "hang of the schoolhouse" in advance were costumed for a diplomatic dinner and found it a masquerade affair. But the fun to the square foot was immense and the guests lingered till the "wee sma' hours."

Insure your property with W. E. Brand, Agent.

Richard Lancaster, the Fort Sheridan milk dealer, takes exception to an item in the Fort Sheridan column last week in regard to the milk at the Post. The item was evidently written by our correspondent to "fill up." Mr. Lancaster has been furnishing milk at the Post for the past ten years, and we have yet to hear a complaint that the quality of the milk furnished by him was not up to the standard.

Monday night two lads were caught pilfering soft coal from one of Alex. Robertson's cars and were stopped. Mr. Robertson himself caught them the second time and took one of them home. What we want to know is, who told those children to steal the coal? The one who prompted the stealing should be punished. Nearly two hundred pounds in lumps had been thrown out when the boys were caught.

Little Helen, the youngest child of Mr. and Mrs. N. Larson, died suddenly from whooping cough. The little one seemed to be getting along very well until Sunday, when a physician was called and even then the case was not considered serious until an hour or so before her death. Funeral services were held Wednesday afternoon. Interment was at the Moody cemetery.

The meeting of the Citizens' Association called for Tuesday evening, in Goldberg's hall, will have no political significance, being called merely to take some action in compliment to our very efficient city governing body, many of our citizens feeling that these gentlemen are entitled to at least a vote of thanks for their attention to their duties and the general business-like manner in which the city's affairs have been conducted for the past year or two.

Mr. Mauck has been at Hillsdale, Mich., the past week, attending the opening exercises of the Hillsdale College, of which he is president. Mr. Mauck is building a home in Hillsdale to have it in readiness for his family when he decides to take up his residence in that city. His many friends in the Park hope that he may put off that time as long as possible. We cannot have too many men like Mr. Mauck as citizens and are loth to lose any of them.

Bishop Heil, of the United Evangelical church, after paying several short visits to Highland Park, has become attached to our beautiful little city and is very anxious to make this his permanent home. On Tuesday last he was in the Park, but failed to find a suitable house, still he is persevering. Although he will be out of the city a great deal, we hope soon to call him a fellow-townsmen. He has left for Lincoln, Neb., as he is making a tour of the northwest, visiting all of his churches.

The seats for the Highland Park Club minstrel show are selling very rapidly. The interest taken in the affair has been even greater than expected, and from every indication it seems as if this effort will be patronized liberally. The features that are to be especially considered are the singing chorus and professional orchestra. The management feels justified in claiming that no better material has ever been gathered together for a minstrel show than the chorus of eighteen voices which will assist in this year's performance. Voices have been selected from Chicago, Rogers Park, Evanston, Highland Park and other towns, and every effort has been made to present the people of Highland Park with an organization, strong in every detail that goes to make an excellent performance.
