THE SMOKER.

We notice a half column story with scare headlines in Thursday's Waukegan Gazette on the recent smoker given by the Highland Park Club. The article tells of "Abbreviated Skirts," "Minature prize fights" and the like.

The story is a general "call down" on the class of entertainment given by the club. Now as none of the members were thoughtful enough to send the NEWS LETTER a "write up" of the affair we can say nothing to contradict the Gazette's statement and are forced to believe that what they say must be true.

What has become of the Lake County Editorial Association organized some years ago? Cannot this association be revived? There are a number of important county matters that need the attention of such an association. What's the matter with the Waukegan edi-

tors calling the editors of the county together at the county seat some day in the near future. Let us see if a working association cannot be formed. Who seconds this motion?—Lake Forester. We heartily second this motion. Why can not the editors of this county come together to discuss such subjects as the editors of many other districts are in the habit of doing? Now that the motion has been made and seconded it would seem that it only remained for the Waukegan editors to act accordingly.
