to light your residence by means of Electricity THE ONLY PERFECT ILLUMINANT

And if a little care is exercised in its use, it is no more expensive than inferior illuminating agents which smoke up walls and decorations, give off excessive heat and disagreeable odors. If you use Electric Light in your home, you may also use many inexpensive, convenient little appliances which otherwise are not available.

If you are not using Electric Lights at the present time it will pay you to investigate the matter. A postal will bring our representative to your door.
