**NOTHING SUCCEEDS LIKE SUCCESS.**

It is curious how thoughtless some people are in having their printing done in Chicago and then asking the NEWS-LETTER to give them a free write up for the enterprise. It is a wonder they would not think to get the Chicago printer to publish their ad free, or when they place an ad in the street cars or post office for their business, get the street car company or post office department to give them a free write-up. There is not a week passes but we have some one send in a printed (in Chicago) program for an entertainment or business enterprise with the request that we "say something about it." The NEWS-LETTER plant is equipped for all kinds of work, from a fine invitation to a 24x36 poster, and the more patronage the office gets the more money it can put in to improve the paper. There are some people that always take a delight in downing or saying belittling things about an enterprise if they don't think it is succeeding extra well. A short while ago the office was short of help and consequently the paper was rather abbreviated. One of the editor's "friends" and one whom he favored a little at one time, promptly ordered his paper stopped. If the people of Highland Park want a home paper they should patronize the merchants who advertise in the paper, for without the merchants ads the paper will not be successful. If you will notice, the most enterprising and successful business houses in town have run there ads continuously and their is not one among the lot who wants to "punish" us for being unable to get out a larger paper for a week or two.

By close observation you will notice that the merchant who don't advertise is always kicking about the hard times, the people going to other towns to do their trading and the deficiencies of the home paper.

If you would like to see a good newspaper in the town don't continually try to "punish" us for being short of news matter. The paper is a public enterprise and every citizen should be interested to better it by giving items and subscribing, if you can afford the "great big dollar." The present owners have no personal enemies here and should not be held for the policy of former owners.

The NEWS-LETTER will have a competent reporter during the summer.

Don't forget that the NEWS-LETTER job department is better equipped than ever before to do all kinds of printing, from a lady's calling card to a three-sheet poster.

to light your residence by means of Electricity THE ONLY PERFECT ILLUMINANT

And if a little care is exercised in its use, it is no more expensive than inferior illuminating agents which smoke up walls and decorations, give off excessive heat and disagreeable odors. If you use Electric Light in your home, you may also use many inexpensive, convenient little appliances which otherwise are not available.

If you are not using Electric Lights at the present time it will pay you to investigate the matter. A postal will bring our representative to your door.
