

**Additional Locals**

The grammar school will close Wednesday, June 24. The pupils will celebrate that afternoon with field day exercises, such as foot racing, ball tossing, tug of war, etc.

Prof. John Primrose Whyte, former pastor of the Baptist church here, received the degree of U. A. at the Forty-seventh street Convocation, of the University of Chicago, Tuesday last. He is still professor in the boys academy at Lake Forest.

At the entertainment and ball given by the ushers of St. Mary's Catholic church, in The Moraine ball room next Thursday evening, June 25, Miss Kittie Bent, of Chicago, will give a recitation, and Miss Eva Wycoff, with Miss Duggin, of Chicago, will sing. Mr. Dimery will give a selection of coster songs. The affair promises to be a great success, as a large number of tickets have been sold.

Libertyville is to have a regular old fashioned Fourth of July celebration, races, dancing and numerous other amusements are scheduled. A ball game between a local team and Fort Sheridan nine is to be played. As the Chicago & Milwaukee Electric railroad officials promise to have the road open between Lake Bluff and Libertyville by or before the Fourth, a large number of people from along the North Shore will probably take advantage of the opportunity.

**IMPORTANT CAPTURE.**

An intruder broke into the home of our new policeman, John Dahl, Thursday night or Friday morning. For sometime John has been suspicious and night before last he thought he saw more evidence of the "housebreaker" about his own home, so John hung around watching for his appearance and after many weary hours of waiting, espied the individual, John made a dash and captured a 12 pound boy. Mother and child are doing nicely.

**OLD GLORY HONORED.**

The North Shore Chapter, Daughters of American Revolution, celebrated Flag Day on last Saturday afternoon, at the home of Mrs. Frank B Green. An entertaining program was provided by the hostess and tea was served. The history of this chapter show that it has been very much alive. On the 20th of last April it celebrated the tenth anniversary of its organization. It has given many pictures of public schools and medals to school children for best essays on patriotic subjects. Soldiers' widows and orphans have been cared for by the chapter and in many ways it has lived up to the aims and objects of the National Society. The village flag staff and flag speak loudly of the patriotism of the Daughters. This chapter has been fortunate in having for regents Mrs. Laura Dayton Fessenden, Mrs. William C. Egan, Miss Albina R. LaBarr and Miss Henrietta Ord Flint.

**A MISTAKE.**

Wednesday evening a young lad drove into Half Day with a horse and buggy. The horse was the worse for wear and the boy tried to dispose of him, finally striking a trade for \$15 for the outfit. The price led to the suspicion that the rig was stolen, and after discussing the matter the boy was taken into custody by Constable Pegelow and word sent to Sheriff Powell.

Sheriff Powell went to Half Day and brought in the suspected culprit, who tells a story which is no doubt a straight one. Awaiting its substantiation he will stay with the sheriff. The boy is Willie Archer, of Winona, Minn., a bright lad of 16 years. He ran away from his home at Lima, O., two years ago.

He found work on a farm near Winona and saved his money. Lately he bought the rig and started to drive to his old home at Lima. He has been three weeks on the road, and as the horse played out he thought by the sale of the rig and two revolvers he could get home by rail on the proceeds.

When taken into custody the

boy was badly scared.

Sheriff Powell has telegraphed to Winona for a substantiation of the boy's story, which is no doubt true.—Waukegan Gazette.

**IMPORTANT DECISION.**

**The Decision of Appellate Court an Important one to Railway Shippers**

Judge Hibbard, of Highland Park, is a highly pleased man. Last summer he tried a case to test the validity of the rule of the Northwestern Railway Company to charging a fee of \$1 per diem as demurrage or car service, on cars detained beyond 48 hours free time for unloading. After nearly two weeks careful study of the case he rendered a decision sustaining the railway company. An appeal was taken at once and the case came on in November before Judge Donnelly, and was ably contested at every point. Judge Hibbard was present at the trial and of course was pleased when Judge Donnelly sustained his decision on every point.

Then an appeal was taken to the Appellate court for the late April term, an elaborate brief filed by the appellant with the testimony in full, and a few days ago Judge Brown handed down his decision affirming the decision of Judge Donnelly's court and of course sustaining Judge Hibbard's prior decision. We have not seen a copy of Judge Brown's decision, but it is said to be a very fine and satisfactory one by legal experts.

The decision is an important one to all who ship freight by railroads, for it establishes the law that railroads can make and enforce such a rule. True, the case has not been passed upon by the Supreme Court, but after having been tried and sustained by three such distinguished tribunals, it is not likely to be overturned by the court of final re-

view. Hence all shippers who detain cars beyond the limit of the free time, must pay the demurrage or car service charge of \$1 per diem for every day or fraction of a days detention.—Gazette.

**NOSES AND EYEGASSES.**

**Lack of Adhesion When the Wearer Is Troubled with Cold in the Head.**

When a man who wears glasses gets a cold in his head he has a hard time. That fact is apparent to anybody who gets about town at a time when grip is prevalent and watches the antics of the sufferer, says the Philadelphia Public Ledger. It is not the watery condition of the eyes that gives him trouble, it is his nose. Not one man in a thousand can keep his glasses on when he blows his nose; consequently he who performs that nasal office frequently has considerable difficulty.

The wise man in glasses never tries to read when suffering with a cold. He gets no satisfaction out of the printed page.

"Dreadful accident on the—" he reads, and then, before he can find out where it was, his attention is forcibly directed elsewhere, and it is only in snatches that he gets the details of the disaster. A man who has had experience with colds seldom even puts his glasses on when so afflicted. He only has to take them off every two or three minutes, and until somebody invents a device warranted to prevent their dislodgment during nasal contortions he prefers to go it blind.

There is an age when every girl wants to go on the stage, just as there is when every boy wants to be a pirate.

Politics are running high, but some of the politicians are running pretty low, the Charlotte (N. C.) News recently observed.
