Private Johnson of the Hospital Corps at the Fort has invoked the aid of the Chicago papers to secure the acquaintance of a nice girl, object matrimony. We fear Johnson's case is hopeless. When a citizen in this neck of the woods wants to commit matrimony he sews a few brass buttons on his coat and makes a noise like a soldier.

City clerk D. J. Brady has accepted a civil service appointment and will report within ten days to department headquarters in Chicago for duty. He will continue to make his home in this city, but in due time resign as city clerk, as the duties of both positions would be more than he could attend to. Mr. Brady served the people for the past five years in such a satisfactory manner that he was reelected last spring almost unanimously for another term of two years. His honesty and ability coupled with his courtesy to all, won him hosts of friends who will regret to learn of his intention to quit the office.

The weekly drill of the Fire Department last Monday evening was unusually interesting, there being a speed contest between Hose Co. No. 1 and 2, each Co, ran separately from the City Hall to Lancaster's barn, the distance being about four blocks. Co. No. 1 made the run and had men on the roof with the hose in 4½ minutes. Co. No. 2 did the same in time so nearly equal that Fire Chief Detrick declared the contest a draw. The department has drilled each Monday evening since their organization the latter part of May, and have become so proficient in the hauling of their apparatus that Chief Detrick thinks two drills per month will be sufficient in future.
