

TINWARE

And House Furnishings.

Hardware is shown in large quantities at

C. A. KUIST'S

HARDWARE STORE.

The Average Business Man

is wrapped up in his business. The success of that business is uppermost in his mind. He uses **ELECTRIC LIGHT** to further his business ends, but oftentimes forgets that it is best for the home as well. If you are one of these, we would suggest that you install **ELECTRIC LIGHT** in your home, not only for your own satisfaction, but that of others. There is no better time for doing this than **NOW.**

NORTH SHORE ELECTRIC CO.

Phone 601.

HIGHLAND PARK, ILL.

Additional Locals

G. L. Vetter who has been spending his vacation in Hot Springs S. Dakota, returned to his home this week and reports a delightful time.

Mrs. John W. Kershau, of Bloomington, spent most of last week with her daughter Mrs. Luteer on Hazel avenue. Col. Kershau owns large farms of several hundred of acres, of the Mississippi bottom lands most in corn, which were all flooded during the recent rains from breaks in the levees on the river and his corn crop totally ruined and scores of carloads pumpkins and melons carried off. Many places the water was twenty feet deep.

The lawn fete given by Mrs. Frederick M. Steele for the benefit of Gad's Hill Settlement was a great success (notwithstanding the inclemency of the weather) owing to the generosity of those to whom tickets were sent and a few who were able to be there in the afternoon or braved the storm in the evening. The chairman of the committee is pleased to report that \$260 00 was the gratifying sum realized from the fete and individuals on the committee. And wishes to take this opportunity to thank everyone who contributed to this most worthy cause.

NEW PLUMBING FIRM.

The Highland Park Plumbing, Heating and Gasfitting Company has opened for business in the store room formerly occupied by Herman Borchard, next door to the News-

LETTER office. Mr. E. Dryfoos has the management and will supervise all work personally. Patrons will find their work first-class and modern. Mr. Dryfoos having several years training with one of the largest and most up-to-date plumbing firms in Chicago, who are earnest in their praise of his workmanship as well as honesty and reliability in all business matters.

In the past, the residents of the Park have had considerable difficulty in having their work done promptly owing to the scarcity of plumbers here, and it would seem to be the proper thing for persons having work in this line to give them a chance to figure on it, thereby insuring reasonable charges at least, from a competitive standpoint. They have installed a telephone No. 1153 and will be pleased to call and estimate on your work.

HIGHWOOD.

Born, August 11, to Mr. and Mrs. Toney Armond, a son.

City clerk and Mrs. Brady entertained the Misses Palmer, of Chicago, last Sunday.

Miss M. E. Gordon, M. D., of Chicago, sister of marshal Gordon, spent Sunday here.

The city has just paid for a car load of 24 inch tile to extend the outlet of a private sewer that a former administration had the unalloyed gall to lay down at the expense of the public.
