One of the most important events in church circles is the National Conference of the Home and Foreign Mission Board of the United Evangelical Church, which is to be held this year in Highland Park, from Oct. 14-16. ALL FAVOR THE CONSTITUTIONAL AMENDMENT

If the people of southern Illinois have any doubts as to how they ought to vote on the pending constitutional amendment, such doubts will probably be overcome when they read in the St. Louis papers that the amendment is right and proper. The Globe Democrat, The Republic, the Star, and in fact all the leading papers of St. Louis recommend the amendment to the voters of Illinois as a measure eminently reasonable and fair. This will probably have more weight with the majority of the voters in the south end of the state than anything that has been printed in the Chicago papers. St. Louis is doing her old rival a good service in this matter, which should not be forgotten.

When the cities and villages act, being the general charter governing all cities in Illinois with a population over 1,000, was enacted in 1872 under the provisions of the state constitution it contained 158 paragraphs. Amendments to it and additional acts number over 1,000 paragraphs. This shows the inadequacy of the original act for the purpose intended. A large percentage of the additional acts have been in fact in the interest of Chicago. If the pending constitutional amendment is ratified at the November election, permitting a special charter for Chicago, it will relieve the legislatures of the future of a great deal of this kind of legislation.

CADETS DEFEAT LAKE FOREST UNIVERSITY AT FOOTBALL.

The Military Academy cadets gave the Lake Forest University boys quite a surprise last Tuesday in football by defeating them 12 to 10. The game was supposed to be a practice one, and neither side for a minute had any question but that the score would be decisively in favor of the "Varsity." A few minutes' play, however, developed the fact that the young soldiers, while light in weight and young in years, were not a foe to be despised in the least. Several hundred students, divided between the two institutions, became so enthusiastic that from the college yells anyone within a mile would have thought that two of the big elevens were engaged in a contest for the championship.

The ball was kicked off by the Cadets and Lake Forest by continually striking their weaker opponents' line secured the first touchdown, but failed, however, for goal. The cadets secured the ball, and by sharp, snappy work and brilliant runs of 25 and 30 yards by Meyer, secured a touchdown, Meyer kicking the goal. Lake Forest secured the second touchdown in the same manner as the first, but on a fumble by McCrea lost the ball and Mylrea

made a 50 yard run for a touchdown, Meyer again kicking goal.

While the Lake Forest team averaged the stronger by far in maturity and weight, they did not equal their wiry opponents either in endurance or team work. Zipprich, Yule and Mylrea did brilliant work for the cadets, while Baird and Talcott proved strong additions to the "Varsity" team.
