

HIGHWOOD

Harry L. Burke and Miss Mabel Pearson were quietly married last week.

Daniel Pease is erecting a cottage on his vacant property on the South side of Highwood avenue, west of High street.

Vencel Muzik, who failed of election as Mayor at our recent city election, has caused the arrest of Mayor Gibbs on a charge that he permits the saloons to keep open on Sundays.

Levi Goldstein, and two painted women, inmates of the rooming house he has so long maintained in the north end of our city, were arrested in a raid made by our police one night last week. All were brought before Judge Pease, where the women pleaded guilty to disorderly conduct and assisted in the conviction of Goldstein. All received heavy fines.

The absence of the city sprinkling cart became annoyingly apparent to business places on Waukegan avenue last week. The city council decided at their last meeting that they would furnish the wagon and water free, if those benefitted would pay someone to run the wagon. So it would seem that it is now up to the street car company and business men on the street to get together, or traffic will be driven from the street this summer.
