has been in the employ of Mr. Abercromby for some years past, and the News-Letter wishes them a successful future in Highland Park

The business men of the North Shore suburbs have arranged for an excursion to Lake Geneva next Thursday, and on that day all business places will be closed, it is expected. A special train has been chartered by the committe in charge, which stops at Highland Park, and Highwood about 8 o'clock. George Bock is the committeman in charge in this city, and Julius Laegeler is committeeman in Highwood. The public is cordially invited to attend.

A serious accident occurred on the Exmoor grounds Saturday last, when Willie Ralph, the sixteen year old son of William Ralph, an old resident of Highland Park, fell from a tree and broke his back. Willie Ralph has been a caddy at the club for many years, ever since the club was first formed and this accident is keenly felt by all who knew the boy. Sunday he was taken to Augustina Hospital and the doctors give hope of his recovery but it will take many months before it is assured.

Judging from the advertisement in this week's issue the Lake County Fair will this year be a four day's carnival of good things that should not be missed by any who can attend. The Fair Association has spared neither time nor money in making this year's fair the best one ever held in Lake County in regard to races, exhibits and attractions. The speed program promises good sport to the lovers of the track, and all entries are of the best. There will be special train service over the Chicago and Milwaukee Electric railroad direct to the grounds.

Waukegan had a big time Monday in spite of the rain. Ouer two thousand people were in attendance at the field day events of the Commeecial Club at Electric Park, and all found amusement. The principal event of the day was the shooting program, in which many took part, some very good percentages being made. In the evening a grand ball was held. All business houses in the city were closed during the day.

SITUATION WANTED—Understands handling steam, taking care of furnace and janitor work in general. Can give references. Please state salary and address, Andrew Hatton, Adams Ave., Glencoe, Ill.

Friday last. Captain Baker, Quarter-master of the Northwestern Military Academy, with Cadets Denton and Reimer, launched one of the Academy launches and started on a cruise up the lake. They will stop at all the ports and when they reach Green Bay, Major and Mrs. R. P. Davidson, who will go by rail to that point, will meet the boating party and they will then take the launch and go on a little hunting trip up the Wolf river and through that vicinity for a few weeks. Major Davidson is taking trips to Wisconsin every few days on business and often meets the school launch at the different ports.

Several more citizens of Glencoe have established themselves as staunch friends of the Library Club and supporters of its prospective building. They are Mr. Franklyn Newhall, who has donated one hundred dollars for the library fund, and Mr. J. W. Plummer, who has given twenty-five dollars for the same purposes. Mr. Mortimer has promised to remember the club generously and the building bids fair to have a speedy beginning.

### The Passing of the "Bump"

The council has sounded the death knell of the Central avenue "bump," and a three inch brick crossing will take its place. This is a direct concession to the automobilists and something of the outcome wanted and worked for by the Chicago Automobile Club who can once more ride, if not scorch, in peace through the villiage of Glencoe.

Saturday night, August twelfth, the following motion was made and carried in the council: that additional brick crossings, crown not to exceed three inches, be placed as follows:—on Green Bay Road; at north line of Hawthorne avenue, south line of Central avenue, south lines of Park and Lincoln avenue, on Sheridan Road, at north lines of South and Lincoln avenues; at south lines of Hazel and Park avenues, and at north lines of the same.

At the meeting of the Board of Improvements, August 15th, final plans were made in regard to draining and macadamizing Palos street, Green Bay Road, North, Scott and Glenwood avenues; this brings the paving to the south limits and leaves few, if any streets of the village unimproved. The public hearing of the aforesaid arrangements

Good weather favored the qualifying round for the Muskoka cup last Saturday. Notwithstanding, poor scores were the rule rather than the exception, and better things are hoped for at today's match play as at present the outcome is rather doubtful.

In the father and son foursome, eighteen hole, handicap, medal play, Tuesday afternoon, Mr. J. Schnur and William Schnur carried off the cup, while Mr. W. I. Holland and W. I. Holland, Jr, received the second prize. The dampness and sogginess of the green after Monday's rains rendered the play somewhat difficult, and obliged the A and B classes, women's tourney, scheduled for Monday, to pospone their match play for which they have been unable to obtain any system this week. Mrs. Dudley won her match with Mrs. Jacobs and next Monday will be paired with Mrs. Manchester, who won from Miss Knapp, 7 up and 5 to play and Mrs. Spicer defaulted to Mrs. Copeland. As the play becomes closer the interest is intensified and next Monday's tourney should be quite exciting.

Saturday night the club members were forced to realize the fact that they did not possess one hundred dining chairs, when there was a scramble and rush to be seated. Of the ninety-eight dinner guests, some of the less agile were obliged to choose between standing and waiting, and a very informally pleasant if amusing time ensued. Evanston was well represented in dinner hosts and hostesses for the evening, by Mrs. Fred French, Miss Cook, Mr. Lucien Harding and Mr. Scott. Mr. John Witherspoon of Chicago also entertained a small party

of friends.
