

# HIGHLAND PARK NEWS-LETTER

F. K. Bumstead, who issues the Lake county directory every two years, has furnished the press with figures, the result of his computations from the issue of 1905-6, and now in press. From Mr. Bumstead's estimates are omitted some towns, Libertyville being one of them, he not yet having quite completed counting names and arriving at his deductions in the places not mentioned. Neither has he counted up the rural routes yet, and when his final figures are in, it will be possible to arrive at a fairly accurate estimate of the county's total population.

Mr. Bumstead multiplies the names in a given community by 2 1-2, the usual figure, to arrive at the estimated population, and results in the table below are computed on that basis:

	1903	1905
	POP.	POP.
North Chicago.....	1702	2775
Lake Bluff.....	318	502
Lake Forest.....	2000	2050
Highwood.....	892	1055
Highland Park.....	3717	3975
Winthrop Harbor.....	307	327
Deerfield.....	300	362
Everett.....		202
Gurnee.....	103	136
Wadsworth.....	132	327
Russell.....	112	140
Rosecrans.....	67	67
Millburn.....	150	142
Antioch.....	790	825
Lake Villa.....	255	252
Grayslake.....	652	712
Rockefeller.....	207	215
Hainesville.....	105	95
Volo.....	292	280
Diamond Lake.....	92	95
Ingleside.....	187	193
Round Lake.....	145	195
Fox Lake.....	300	300
Ivanhoe.....	152	295
Rondout.....	140	155
Taylor Grove.....		75

From this list it will be seen that Highland Park has increased in population at the rate of a little over 125 a year in the last two years. The population given by Mr. Bumstead this year, 3975, is exactly 200 more than that given in the census which was taken this summer. It is probable, however, that the present population of this city is somewhere between the census figures and Mr. Bumstead's estimate.

There are still seven towns in Lake county, exclusive of Waukegan, from which returns have not yet been made, and no return will be made from Zion City, as the authorities refused to allow Mr. Bumstead to take the names.

Only four towns have suffered a decrease, and one town—Wadsworth, gained 150 per cent, in the two years. All in all it is an exceptionally good showing for Lake county.

## Letter to Mr. W. A. Alexander

Highland Park, Illinois.

Dear Sir: If it took 10 gallons to paint your house last time with somebody else's paint, and takes 8 with DeVoe, we save you \$8 or \$10; for painting costs two or three times as much as paint.

Mr Ezra Rathmell, WilliamsPort, Pa. always used 11 gallons of mixed paint for his house; DeVoe took 6. But that isn't all; that's only first cost; how long will it wear?

The paint, that goes furthest in covering, wears best too.

All paint, true paint, and full-measure are on one side; part paint, false paint, and short-measure are on the other. What can you expect?

Yours truly

F. W. DEVOE & CO.
