

### Mail Boxes

Postmaster Fletcher wishes to call the attention of householders to the importance of providing some sort of a box or receptacle for the convenience of the mail carriers. These need not be expensive, may even be without a lock, but there should be one beside every door in Highland Park.

Owing to the large territory which the mail carriers have to cover, each one is allowed ten seconds to each house in order that they may get back to the postoffice in time for the next mail. It will be seen that ten seconds is a very insufficient time to go to the houses, many of which are back from the street, ring the bell and wait for some one to come for the mail. Very often the carriers have to go away without leaving mail, and the householders has to wait until the next delivery.

The postman's whistle is not heard by all people, and the easiest way out of the difficulty is to provide mail boxes at the gate or beside the door.

### The Damrosch Concerts

There has been a rumor circulated to the effect that Walter Damrosch and his Orchestra, who last Summer delighted the music lovers of the North Shore, would return to Ravinia Park next Summer. The writer in an interview with Manager Murdock, was told that the orchestra would not return next season, because of the lack of appreciation thus far shown. Although the concerts of last Summer were fairly well attended, it was not until the last week of the concert series that the management could say that the venture anywhere nearly paid. When it is taken into consideration that a high class, exclusive feature like the Damrosch Orchestra, is brought at great expense from New York, for the benefit of the people of the North Shore, it will clearly be seen that they must show appreciation in order to have such a feature continued another season.

It would be a distinct gain for the North Shore if the Damrosch Orchestra could be brought to Ravinia Park this season and Manager Murdock would be glad to bring it again this season if he should receive sufficient assurance of appreciation and support. If you are interested in the matter, show it by writing to Mr. Murdock.

### Letter to Mr. E. H. Brown

HIGHLAND PARK, ILL.

DEAR SIR.—"Three-quarters paint" is a good phrase for the best outside of Devoe.

Devoe is the standard; mark it 100. The next best—there are several not far apart—are three-quarter paints; you may mark them 75 to Devoe's 100.

The bulk of the paints in market are 40 to 50 or 60; a few are better than 60; a few worse than 40.

How do they act? They cover from one to three-quarters as much as Devoe; and they last from one to three-quarters as long as Devoe.

What are they worth? The same rule don't hold; it costs more to put-on some paints than they are worth; they are not worth anything; the "put-on" costs two or three times as much as the paint.

Yours truly

F. W. DEVOE & CO.
