GINSENG

Information Relating to the Richest Product of the Soil

Prof. Howard of the Missouri State College says: "I advise American farmers to cultivate Ginseng. Big profits are realized. It is easily grown." A bulletin by the Pennsylvania State College says: "The supply of native Ginseng Root is rapidly diminishing and the price per pound is correspondingly increasing, while the constant demand for the drug in China stands as a guarantee of a steady market for Ginseng in the future." American Consul General Wildman at Hong Kong writes: "There will be little difficulty in disposing on this coast of all the Ginseng that is grown in America.

Ginseng is a staple on the market the same as corn, wheat or cotton. The present market price varies from \$6.00 to \$8.00 per pound, while the cost of production is less than \$1.50. There is room in one's garden to grow several hundred dollars worth each year. The plant can be grown throughout the United States and Canada in any soil or climate that will grow ordinary garden vegetables. There are two planting seasons, spring and fall.

We are buyers and exporters of the dried product, and grow roots and seeds for planting purposes. Let us show you how to make money growing Ginseng. You can get a practical start in the business for a small outlay and soon have a nice income. Send two-cent stamp today for our illustrated literature telling all about it. Write once; you may not see this ad again.

THE SECRET OF SUCCESS

"No, Sir! You cannot palm off any substitutes on me. I've been using August Flower since I was a boy, and I'll have no other."

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unfailing success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness?

Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it is the best of all liver regulators?

August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints.

Two sizes, 25c and 75c. All druggists.
