New Hotel Project

A project for the erection of a large hotel in Lake Forest is now under way with indications that it will be carried through.

It is proposed to build a new hotel, the cost of which is to be approximately \$110,000.

In order to raise this amount of money, and carry out the plan proposed, a corporation will be organized under the name of The Deerpath Inn Company, having a capital stock of \$75,000, the balance of the money required to be raised on morgages or bonds. Also, it is understood that the equivalent of the present business is to be paid in stock.

The new building will be of the old English style, low and rambling, of stucco work, trimmed in wood, and will contain about 85 rooms as well as suites each furnished with private bath.

Mrs. H. M. Patterson, who has had charge of the present hotel for the last six years, is the leader of the plan and has enlisted such men as George McKinlock, Cyrus McCormick, A. C. Frost, Dr. J. Wassall, C. D. Stone, E. M. Samuels, John Griffith and Dr. Harland in the enterprize. She will have charge of the new hotel when completed.

Subscription papers were started this week and a considerable part of the money has already been subscribed—Lake Forester.

Permanent Home for Horse Show

A permanent home is being established at the Onwentsia Club for the annual Lake Forest Open Air Horse Show.

The location selected is just south of the polo field and the road leading to the club stables. A large show ring has been built surrounding a grass plat. The ring has been leveled, paved with stone and covered with tan bark.

Roofed boxes are being built to form part of a vine-covered pergola surrounding the ring. The pillars of the pergola and the latticed cross bars which form its roof are of wood stained a dark green color. The boxes are of the material and will be given a flooring.

In front of the pergola a walk will run around the ring, and then will come a box hedge, outlining the curve of the oval. Inside the arena proper will be a circular driveway close to the hedge.— Lake Forester.

Entertainment at the Post

Mr. Greene of the Greene News Company of Highland Park, Illinois, gave the soldiers a first class phonograph concert in the large mess hall Monday night. Mr. Greene illustrated his songs and musical pieces with pictures with a stereopticon, His piece "Everyboydy works but father" illustrated with views, was a great hit among the soldiers. The patriotic pieces took well too. Mr. Greene also played the music for the views of the San Francisco Earthquake and Fire, exhibited by Mrs. H. C. Chadbourne. A feature of the evening well rendered recitations of Miss Margarat McCallie, who entertained the soldiers through kindness of Captain Gilberth. The 500 soldiers in the hall declared Miss McCallie an excellent speaker. They compelled her to recite four times and were ready for more. Mr. Greene, Mrs. Chadbourne and Miss McCallie deserve credit for the excellent pregramme presented entirely gratis. Many officers and families were in the audience.
