

# What People Are Doing in Highwood

Mrs. Selfert is spending several weeks with her brother in Kansas.

Donald Malcolm left this week to join his father in Sacketts Harbor, N. Y.

All the business places of the city were closed Thursday, and every one went to the fair at Libertyville. All reports indicate that it is the best fair held in Lake County for years.

The Highwood Schools opened Tuesday with a larger attendance than ever before.

Mrs. William Hostetter is spending a month with her parents in Ingalls, Indiana. She was accompanied by her brother, P. N. Wheeler, who has been visiting her for several weeks past.

A number of Highwood citizens are planning to attend the Wisconsin State Fair at Milwaukee next week.

All the City officials attended the opening of the Racine extension of the C. & M. E. R. R. at Racine last Saturday. Judge Pease was one of the speakers of the occasion.

The degree team of the Eagles has received the new suits, and they will be in evidence at the next regular meeting of the Aerie next Thursday evening.

The regular meeting of the City Council will be held next Tuesday evening.

Edward Jones is quite seriously ill with uraemic poisoning.

A baby girl was born to Mr. and Mrs. F. A. Fink of Waukegan avenue last week.

Miss Beck, head nurse at the Monroe hospital, Chicago, is spending a few days at Dr. Wescott's.

The Labor Day Dance of the Twilight Pleasure Club at Fort Sheridan Park Monday evening, was well attended, and the funds of the Club were perceptibly swelled thereby.

Gibbs Maroons played great ball at the Libertyville Fair this week, beating the Libertyville team on Wednesday by a score of 4 to 3. On Thursday the team played the Waukegan Cubs, and the score at the end of the eight inning was 7 to 0. In the first of the 9 inning, however, the Maroons pitcher, McGill of Chicago, was influenced by compassion (or something more potent) and handed the Cubs 7 runs, tying the score. In the heated controversy which followed, the umpire declared the game ended in favor of the Cubs. A protest was made, and the Maroons went over Friday prepared to beat everything in sight, and secure the purse, but it was not known, when this was written, whether they got a square deal or not.

The Maroons have played 23 games this season and have lost only two.

Private Riggs left the Post last week for Fort Benjamin Harrison in charge of six men. When they left Chicago there were only four.

Private Lucker of the 27th Infantry, is ill in the hospital at Ft. Benjamin Harrison.

## Perseverance Wins

The manager of a St. Louis wholesale house told a good story at a recent salesmen's dinner to illustrate the value of perseverance. An optimistic frog and a pessimistic frog, he said, fell into a pail of milk, and both were in danger of being drowned. Very soon the pessimistic frog gave up the ghost and sank to the bottom, while the optimist kept swimming round. He became very tired and was tempted to give up the struggle, but swam on, and on, and on. And eventually he found himself sitting comfortably on a pat of butter!—Happooods Opportunities.

## The Little Lad's Patch

A lad of Enid, Okla., in the geography class was deeply interested in learning the points of the compass. Said the teacher:

"You have in front of you the north, on your right the east, and on your left the west. What have you behind you?" After a few moments' reflection, Charlie exclaimed:

"A patch on my pants." And to make the information more binding, Charlie continued in a shamefaced manner: "I knew you'd see it; I told mamma you would."

## Woman

When Bishop Potter was asked what he thought of woman suffrage he made the diplomatic reply:

"My dear madam, I have got away beyond that. I am trying to make the best terms with the sex that I can obtain."

This brings to mind the mot of William M. Evarts when asked by a lady if he did not think that woman was the best judge of woman. He replied:

"Not only the best judge, madam, but the best executioner."—Boston Record.

## Letter to Mr. Geo. F. Bock

Highland Park, Ill.

Dear Sir: You sell a good many things by the gallon. Being a decent man, you give full measure.

You know what we mean: You know that short weight and short measure are common among—well, we hope there are no short measures and weights in your town.

There are, though. Ribbons and laces and trimmings, sold by the "dozen," measure nine or ten yards. There is no complaint, because "they all do it." You have the same plague in your goods—

nearly everybody, canned or bottled, cheats in the quantity. Almost nobody gives full weight in a factory-package!

We are one of the almost nobodies. We sell paint, by the gallon, to paint your house; and our is just the same as yours that you measure in a jar with—231 cubic inches.

Good paint too—Devoe lead-and-zinc—takes fewer gallons than mixed paint and wears twice as long as lead-and-oil.

You own a house. That's why we are writing to you.

Yours truly
