## Lecture Association

Several of the public minded citizens of Highland Park have formed an association which should have the interest and support of every resident of this city. The association is called the Highland Park Lecture Association, and Dr. P. C. Wolcott is the chairman-treasurer. This organization was formed expressly for the purpose of presenting a series of lectures and entertainments in Highland Park this winter, the profits of which are to go to some public benefit. The course will include six or possibly seven numbers, which will be given every two weeks, beginning about November 7, in the Assembly Room of the Public School building.

The lectures will be along intellectual and economic lines, and promise to be both interesting and instructive. The list of speakers and entertainers include John T. White, Lee Francis Lybarger, Frank Stuphen, all well known lectures of ability, and authorities in their special subjects, Bolton Hall, the noted author and lecturer, William Sterling Davis, a delightful interpreter of Dickens, and S. W. Spedon, the cartoonist.

Mr. W. S. Lane, who is securing subscriptions for the association, reports a very encouraging response from the people of this city, and the course deserves a liberal patronage.

Tickets good for the entire course are only \$1.50.
