"HIGHLAND PARK BIRDS"

Bird Pictures in Natural Colors—Absolutely Free!

We have just published an album of "Highland Park Birds" containing pictures of twenty-five birds reproduced by color photography in their natural colors. The collection is absolutely unique and should be in every home in town. It will do more to interest boys and girls in birds and Nature than weeks of instruction in school. These pictures show the actual colors on every bird and are invaluable to anyone who wishes to identify the new arrivals and keep a record of them. There is an introduction, a description of each bird and a "check list" of all birds found in Highland Park and vicinity, by Mr. Jesse L. Smith, Superintendent of Schools.
