

CIRCULATION

It takes red blood and gray matter to make a good newspaper.

But these will not give life without circulation.

If the people of Highland Park and other North Shore towns want a first class local paper—one that will keep them posted on current topics and furnish a clean sheet of local events they have it now in their hands.

We will furnish the paper. All that is needed is circulation and this is available if each one will contribute his or her share of the circulating medium.

Every new subscriber is like a fresh drop of rain on your window pane—one drop runs into another drop until before long there is a stream.

Everybody says "we ought to have a good local paper."

YOU are one of that sum-total "EVERYBODY." Will you help?

Early in July we will commence publishing, as a Serial, the famous copyright story, "Bob Hampton of Placer," by Randall Parish.

Here is our offer—choice of:—

No. 1

For the regular subscription price of \$1.50 paid in advance we give to new subscribers a copy of the beautiful folio of "THE BIRDS OF HIGHLAND PARK." If you saw this splendid book you would certainly want it. Phone us and we will call on you.

No. 2

We will accept trial subscriptions at fifty cents (50c.) which will pay for one copy each week from now to the end of the year. This will give you the whole of the famous \$1.50 copyright story, "Bob Hampton of Placer." (This offer does not include the premium book of birds.)

If you are already a subscriber—please help this Circulation matter. Show the paper to your neighbors. We will give you the Premium Book of Birds on payment of arrears if any and one year's payment in advance from present date.

Send in your orders at once to the **SHERIDAN ROAD PUBLISHING CO., Highland Park, to whom checks may be made payable. Or orders may be left with cash at the office, 16 Laurel Ave., Highland Park.**

Phone No. 92. We will send the premium and collect if you call us up.
