

To Correspondents.

The writer of a note from Highwood, written in big, bold capitals, complains that the saloons in that town are open every night till 1, 2, 3 next morning, and wide open all Sunday. He calls upon the Mayor and the Reformers to act on this matter.

We would have published this letter, but for obvious reasons it is necessary that we have the names of correspondents, not necessarily for publication, but as a guarantee of good faith. "On-looker" forgot to send his name.

The D. A. C. won two games Sunday. The morning game with Morton Grove was very fast and interesting. The final score was 3 to 2. The afternoon game was slow and loose. The Highwoods proved to be very easy—easier than the score of 7 to 5 would indicate.

The new telephone exchange of the Chicago Telephone Company is about complete. It will mean but a short time for them to vacate the old site and become situated in their light, cozy, healthful building just off of Park avenue.

Serious Fire.—The two-story frame building which was situated at Park and Railroad avenues was practically destroyed by fire on Monday at 2 a. m. while the residents were sound asleep. It happened providentially that the people were saved. A young man living in Winnetka was coming in from Chicago and fell asleep on the car, but did not wake up until he arrived at Ravinia Park. As the last car had passed, he walked back to Glencoe with the expectation of finding lodging. He noticed the place was afire and woke the inhabitants, who barely had a chance to escape death by fire. The inhabitants were Italians, a married couple, the man managing the store for the proprietor, Mr. V. Bartollati, and several young men boarders. One young man who had escaped thought he had a chance to save some things and ventured into the burning building. The heat of the floor burned his feet. While he was trying to secure things the fire cut off all means of escape so he threw a mattress out of the window and jumped from the second story, thereby saving his life. The loss was estimated at several thousand dollars, as the owner, Mrs. Legar, had no insurance upon her property. The building was burned beyond repair and the city officials ordered it razed to the ground on Wednesday. Nothing but the clothes the people managed to grab as they left the building were saved. Mr. V. Bartollati, the proprietor of the fruit store, had \$1,900 insurance upon his stock. Over \$350 in cash was lost in the fire. The cause of the fire is unknown, but from the direction of the fire it is known to have started in the southeast corner of the building. The probabilities are that one of the young men who loitered and sat at that part of the building threw a lighted cigar stub which was overlooked and thereby set the house afire.

along the westerly side of Railroad avenue, from the northerly terminus of the depot grounds of the Chicago & Northwestern Railway Company to a line seven feet southeasterly from and parallel with the northwesterly line of Lincoln avenue, extended across Railroad avenue, in the village of Glencoe, Cook county, Illinois.
