WHY USE OIL LAMPS

When electricity is so much cleaner and more convenient? There is no soot or odor and no need of matches. For decorative effects in the house electric light surpasses any other form of illumination. It is the most desirable light—from every point of view.

Spoiled the Scene.

One night at a country theater Mrs. Siddons was "taking the poison" in the last act of some gloomy tragedy, when a boor in the gallery called out: "That's right, Molly, soop it oop, ma lass."

AT A MERELY NOMINAL EXPENSE And generally without any trouble or annoyance a few sockets may be put in for table or stand lamps—if your house is not already wired throughout. It is a distinct advantage in point of economy and attractiveness. Let us talk to you about this feature as a starter and leave the general use of electricity until later, if you prefer. Call Highland Park 68 for any information you may desire.
