

music, lovers of boys, and lovers of College life, are all cordially invited to come. The greater part of the proceeds of the entertainment after deducting the necessary expenses will go toward the work of the Chicago Boys' Club, in which cause the boys of the Round Table have for several years taken a deep interest.

The Chicago Boy's Club was started seven years ago. It began in a very small way. Its first membership consisted of only three little waifs of the street. Its first building was only one room. This club has now grown until it has an enrollment of about sixteen hundred boys and girls of the slums and occupies three buildings in different parts of the city. The headquarters are at 262 State Street. The Girl's Department is at 330 Division Street and a branch of the work for the boys is located at 188 Gault Court.

The club began as a little play room where the boys of the down-town district could be kept off the street. It has grown into an industrial training school where the children of the streets are instructed

and are thus equipped for the battle of life. After graduation from the shops good positions are found for them through an Employment Bureau run by the club. During the past year over a hundred of these boys have been placed in positions both in the city and out on the farms.

Many of these boys are picked up out of the gutters, some are found sleeping out in alleys, under the side-walks, back doorways and at the river wharfs. For this class of boys beds and food are provided and they are taken care of until permanent provision can be found for them.

Hon. Luther Laflin Mills is the President of this institution. Prof. S. C. Bronson of Evanston, is the Vice President, R. M. McKinney of the National Bank of the Republic, is Treasurer, and J. F. Atkinson is the Superintendent.

This work has several times been presented publicly in the community. Over a year ago Mr. E. R. Colby, the head worker at the club, spoke of the work of the boys of the Round Table.

Two weeks ago, Prof. Bronson, the Vice President of the club, gave an address about the work at the Baptist church of Highland Park, and last Sunday Mr. L. Trowbridge, the Field Secretary, spoke at the Presbyterian Sunday School and at the Ebenezer church of the Evangelical Association in the evening. For several days during this week Mr. Trowbridge has been in the community trying to arouse an interest in the Chicago Boy's Club.

As a result of the entertainment which was given by the Round Table last year, about forty dollars was sent in to the Boy's Club of Chicago. This year it is hoped that the boys will realize even more than they did last year.

Come out to the entertainment and in so doing encourage the boys of our town and at the same time help along a worthy cause in the city.

The following prominent Highland Park women have promised to act as hostesses: Mrs. Carleton Moseley, H. S. Vail, W. H. Baldwin, R. W. Patton, P. C. Wolcott, F. R. McMullin, E. M. Watkins, James Grant, George A. Mason, Charles Warren, C. E. Schaffler, E. F. Carry, Earl Spencer, B. W. Schumacher, Fred Schaefer, J. L. Miller, H. M. Bacon.

FORT SHERIDAN NEWS

The soldiers again came to the front in the way that they aided Highwood in putting out a fire in that town Sunday night. At about 10:30 Sunday evening after all were comfortable in bed, fire call sounded and in three minutes 600 men were on their way to the fire with all the implements in the post. Corporal

Hall of Company. "L" 29th Infantry acted as Fire Marshall and with his rare forethought and judgment he had the fire quickly under control.

Mid-winter target practice is now taking up all the time at the post. This practice is instituted in order that men may become acquainted with various conditions that may arise in the winter time. This practice does not make much of a hit with the men, as they have to stand in the cold, with freezing hands and feet, and wait their turn to shoot, and as a result very few care whether they hit the target and in fact very few try.

A General Court is now in session to try all persons that may properly come before it.

Private Mullins has returned from furlough and will be found wrecking eggs at the Post Exchange Cafe.

Major and Mrs. Chatfield gave a val-

Miss Clement of New York, is the guest of Colonel and Mrs. Finley.

HIGHWOOD NEWS

Death of Mr. Andrew Roberg. The sad and sudden death of Mr. Andrew Roberg, came as a great shock to residents of Highwood, Monday morning when it became known that Mr. Roberg had sacrificed his life on account of the fire which occurred Sunday evening in a large vacant building just opposite the power-house. Mr. Roberg was a member of the Fire Department and was the first to arrive, and fought the flames desperately until one or two o'clock Monday morning, when he returned to the City Hall, complaining of feeling ill, he said he wanted to rest before going home so he laid down by the stove, and when he was called by a friend at about two o'clock; he was found dead. Heart failure and exposure being the cause.

The funeral occurred Wednesday afternoon at 1 o'clock at the Swedish Lutheran church, the sermon was read by Rev. G. K. Starck of Evanston. The services were brief owing to the delicate health of the daughter who has not fully recovered from an attack of scarlet fever. The floral tributes were many and beautiful.

Mr. Roberg leaves to mourn his loss a widow, Mrs. Louisa Roberg, a daughter Florence, and a son Albin, an aged mother, one sister Mrs. Ida Nafe and two brothers Axel and Charles Roberg, besides a number of relatives and friends. Mr. Roberg was 42 years old the 2nd of February. The remains were laid to rest in the Waukegan cemetery.

DEERFIELD NEWS

Special Union services are being held at Deerfield this week in the Presbyterian church. Rev. Mr. Courrier of Highland Park is assisting in the work, and the week after next Evangelist Law will have charge of services.

GLENCOE NEWS

Our agent Mr. John Mage, has been transferred to his home city, Milwaukee, Mr. Tautiavan of Winnetka, who was the agent there sometime ago, is assigned to the post here. We will miss Mr. Mage, as he was a good agent.—Agent C. & N. W. Ry.

A small fire starting from a broken gas pipe in the basement of Mr. Manchester's home Tuesday evening, threatened to destroy the house, only for the timely

arrival of our Fire Boys. There was no great damage done.

The storm Tuesday and Wednesday made traffic very disagreeable, quite a number of school children were unable to attend school, and many delays to make the morning trains. We like good cold weather but don't care for these blizzards.

Why She Preferred Post Box:—"The ways of women are beyond the comprehension of mere man," said her companion as after purchasing her stamps at the general postoffice she carried her mail to

the nearest post box. "Will you kindly explain why you did that?"

"Simply because I hadn't time to sort my mail into Letters, newspapers, and packages, foreign, Domestic, Chicago and a few dozen other subdivisions and then walk around that monstrous building to find the proper drops for the various articles," she replied. "It takes time, patience, and ingenuity to post anything in the general postoffice, and I don't possess any of those things. Give me the plain uncomplicated letter box for practical purposes!"

And of course he remarked that that was just like a woman.
