At this Harvest Home time each year it has been the custom of the neighbors and friends of the little people at the Orphanage (a large percentage of whom are Lake County children) to send in provisions of any and all kinds.

And this year particularly (after a year in which the Orphanage has suffered from the stringency of the money market) provisions of all kinds will be most acceptable and thoroughly appreciated.

Do not aggregate your ailments by continually thinking of them. Keep yourself cheerful, as cheerfulness is the sun of life.

Highland Park Schools

The Deerfield Township High school football team opened their season by defeating the strong Alumni team at the High school field last Saturday by the score of 12 to 11. The game was loosely played on the part of the High school absence of team work and frequent fumbling marring the work of the back-field and slow charging and poor defensive work the playing of the line. Coach A. R. Williams stated to a reporter of the NEWS LETTER after the game that he was bitterly disappointed in the work of the team with the exception of Maris Greenslade and Brand and that a big brace was necessary before a successful team could hope to be built up. The work of Shields, Culver Shields, Bell and Steele were features for the Alumni.

Miss Jessie Greene of Lake Bluff played Lizt's Rhapsody to the High school at General Assembly on Wednesday.

The High school football team plays Evanston High school today at the New Trier field. Great interest is felt in the game as the two teams are ancient enemy's. Gloom pervades the High school as it was announced the middle of the week that Bell the crack tackle would be out of the game all year as a result of injury Saturday.

An invitation has been received at the High school to take part in the annual Declamation contest held at the University of Chicago for scholarship.

The following officers have been elected by the Senior Class at the High school President Wm B' Wrenn Jr., Vice President Mary A. Phillips, Secretary Helen Sullivan, Treasurer Fern Green.

HIGH SCHOOLS.

The questions of high school management have not been, "What are the most useful ways in which these young people can spend their school time?" But, "What do the college examinations require?" "Upholding the standards?" "What standards?" "We propose to uphold the standards and to uplift the secondary school by our admission examinations."

The principal of Phillips Academy Andover, says that "the boy of average ability finds himself taxed beyond his power." For forty years at least we have been following this absurd practice of the unattainable standard. "We set the mark so high that we don't expect it to be hit, but we will accept 60 per cent of what we ask."

LARGE HATS.

Whatever may be the artistic value of the mammoth hats now being worn by women it should not be forgotten that they are most unhygienic. They spoil the hair because of their weight and are a direct cause of baldness.

EQUALS, BUT DIFFERENT.

Let "superior" man bear in mind his destiny is bound up with that of woman; he is not her superior; he is simply different from her; there is no comparison needed. Nevertheless, she and he stand or fall together and her ruin is ultimately his ruin too.

LIFE WITHOUT A HOLIDAY.

Mr. George Hayward, aged ninety-one, who has just died at Needham Market, Suffolk, England, lived nearly all his life in the same house, never had a day's holiday, never saw the sea. Hayward was formerly in business as a butcher and he was in the habit of wearing an apron at church Sundays beneath his frock coat.

WIRELESS OPERA.

Will the opera singers of the future sing to beggarly array of empty benches, or rather to gaping rows of inanimate receivers? That is the question one asks oneself with alarm when one reads of the marvels promised by wireless telephony.

Mr. Lee De Forest, the American inventor, who is now in London, prepared to demonstrate the perfection of his system to the British admiralty and other critics, asserts that by his aid any person within thirty miles of Covent Garden will be able to hear the opera by wireless telephony.

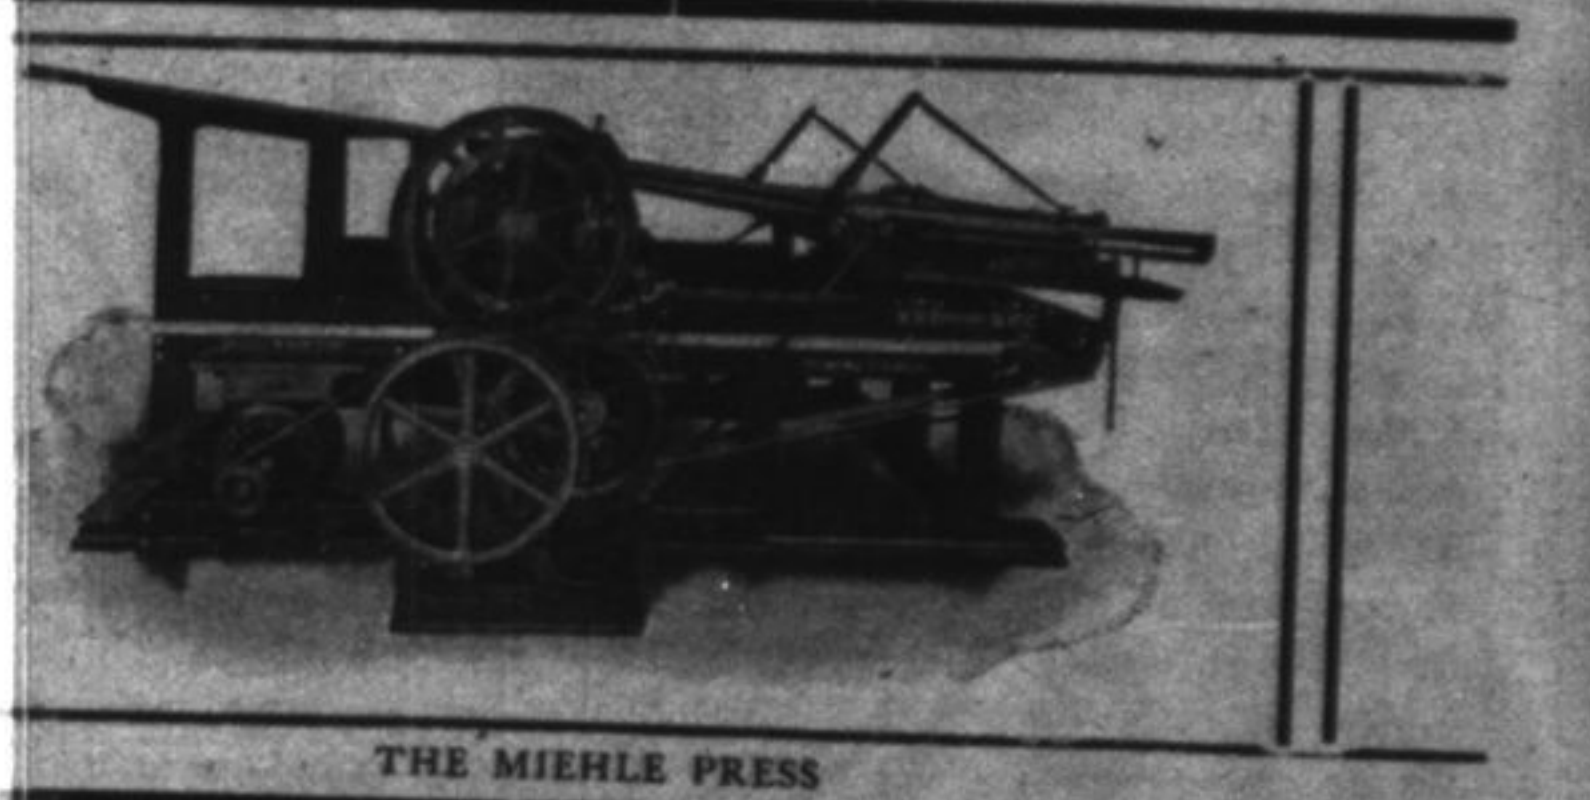

The integrity of men is to be measured by their conduct, not by their protestations.
