JOLET AND CHICAGO.

Thirty-three saloonkeepers in Joliet last week pleaded guilty to selling liquor on Sunday and were assessed \$56.50 each in fines and costs. The law under which they were punished is the same law under which one Chicago jury after another has refused to convict saloonkeepers for doing exactly the same thing, the Chicago saloonkeepers coming into court and admitting that they had sold liquor on Sunday. If you live in an Illinois city of thirty or forty thousand population you must obey the law or be punished. If you live in an Illinois city of a couple of million population you can split on the law, or wipe your feet on it, and the United Societies will see that you suffer no harm.

Beautiful state of affairs, isn't it?

HOW LAW IS ENFORCED.

When the town of Mattoon, Ill., voted in favor of local option last April the mayor resigned in disgust. During the administration of the mayor pro tem. there was little violation of the law, but when the new mayor was elected, the soft drink establishments began to do a thriving business. The citizens formed a league for the purpose of regulating these places and their attorney decided to use the injunction as his weapon. It was entirely successful and having since been made permanent, their places are all strictly dry. Probably other towns will find the injunction profitable.

MEMORIAL OF REV. G. L. WRENN.

A memorial service was held in the Baptist Church last Sunday morning. The address of the occasion was given by Mr. T. H. Spencer, in which he gave reminiscences of the life and work of Mr. Wrenn. The speaker referred to matters which were reported in our notice of Mr. Wrenn in last week's paper and incidentally described the interest displayed in the religious life, social gatherings and prayer services 33 years ago. Mr. Spencer's oration took the place of the regular sermon, and was an exceedingly interesting review of the subjects suggested.

Rival to Wayman and Kern.

If the action of the Law and Order League and its hosts of friends can have their way, the contest for the office of state's attorney for Chicago will not be left to the Republican and Democrat candidates. Neither of them are acceptable to the reformers of the city. Mr. A. B. Farwell, speaking at the meeting of the Chicago Congregational Association, said that to have either of these men elected would be a calamity. He asked for a delegation to be appointed to a meeting held on Thursday to consider the necessary steps, and the association selected Rev. John Best, pastor of the Bethesda church; Rev. W. A. Bartlett, of the First Congregational church; Rev. F. D. Burhans, of the Washington Park church, R. J. Bennett and John Wood.

First M. E. Church. The services of Rev. R. Schultze at this church will be conducted as usual. Strangers and the unsaved are specially invited. There were quite a number from this church at the County S. S. convention.

Mr. Taft is a member of the Unitarian church—that was the church of his parents, and he has never separated himself from it. His wife, however, is an Episcopalian, and he worships more often beside her in her church.

NATIONAL REFORMS.

Never in the history of this country has there been such a general waking up to the importance of a more intelligent and high-toned citizenship than at the present time. Among other omens the increased interest in the general management of public affairs, municipal, state and national, is manifested by the organization of several national societies.

Two of these organizations, the National Municipal League, and the American Civic Association, will hold their next session in joint meetings in Pittsburg, Pa., Nov. 17-20. Attorney General Chas. J. Bonaparte is president of the N. M. L. and Horace McFarland is president of the A. C. A. For further information concerning this important convention write Clinton Rogers Woodruff, secretary, North American Building, Philadelphia.

The cause of temperance is working great headway in Norway. Whenever the people of a certain district or county wish to abolish drinking houses an election is held at which all adult males in that territory are supposed to vote. If any are absent their votes are counted for prohibition. Another election cannot be held until after five years.

DRAMATIC NOTES.

See Page 5 for other Notes

McVicker's. Our dramatic reporter visited this beautiful theater on Tuesday evening and was highly pleased with Chauncey Olcott and his company in "Ragged Robin." Extended comment is deferred.

Chicago Opera House.—"The Devil" as played at this house with Mr. H. E. Dixey in the principal part is attracting much attention. The interest centers upon its subtle and hypnotic qualities, which are very forcibly presented.

Contracts for the new terminal of the Chicago and Northwestern Railway at Madison and Canal streets will be awarded within the next ten days.

The livery stable of John Moloney, which was destroyed by fire last month, is not to be rebuilt on the same location. Mr. Moloney has not decided just what he will do.

The regular Saturday evening dance at the Skokie Country Club is growing in popularity. The young people of Glencoe are having a fine time at these weekly gatherings.

Our new postoffice is the most popular place in town now. Postmaster MacArthur seems to be doing a rushing business, judging from the crowds who make a dive for the postoffice the minute they leave the trains, homeward.

Extra copies of the last week's North Shore News-Letter could not be bought of the news counters twenty-four hours after publication. Better subscribe and have your News-Letter sent to the house regularly by mail or by carrier.

Arthur D. Wheeler is preparing to build a handsome residence in Lake Forest, about a \$30,000 investment.

A number of Glencoe girls met Monday morning of this week at the home of Mrs. Frank Darling and trimmed twenty hats to be given to the Placing Home for Girls in Evanston.

Dr. M. W. Darling is certainly preaching very interesting sermons at the Congregational Church. Those who have had the privilege of hearing him the last two Sundays must have been intensely impressed with his power as a pulpit orator. It is one of the great pleasures of life to listen to a minister in the pulpit who is learned, pure in heart and thought.

The additions to the grammar school building at Glencoe, it is reported, will cost about \$45,000.

The Glencoe village council has ordered a new pier built at the foot of Hazel avenue to protect the beach at the public park. The pier will, however, be only seventy-five feet long, at a cost of nine hundred dollars. Some future council will have to provide funds for a further extension of another hundred feet.

Dr. M. W. Darling has succeeded in arousing real interest among his people. His sermon, upon which we commented at length in last week's News Letter, was followed by another last Sunday, equally thoughtful and still more profoundly impressive. His people feel, perhaps more deeply than at any previous time, of his ministry in Glencoe, that he is doing them good. He is a man of clear thought and wide vision and his purity of heart and life is made abundantly manifest.

Miss Helen Calhoun entertained a number of her young friends Friday evening, this week, at her home.

The missionary luncheon at the Congregational Church, which was held in the parlors Tuesday, was a great success socially and financially.

Mr. J. R. Harper, of the New Trier Township High School, has accepted the principalship of the Wilmette public school.

Mrs. Frank Darling and her club of girls, "The Diligent Dozen," are doing a most helpful work for the Illinois Aid and Home for Children at Evanston, which is greatly appreciated.

The church social of the Congregational Church, talked of for this week, was postponed and the announcement will be made from the pulpit Sunday morning.

The officers for 1908-9 are as follows: President—Mrs. G. H. Taylor. First Vice President—Mrs. A. G. Bennett. Second Vice President—Mrs. H. H. Brigham. Treasurer—Mrs. Mary C. Becker. The topic announced for Oct. 15, "Manual Training for the Public Schools," by Mr. E. H. Sheldon. The club has three classes of memberships—active, associate and honorary. A candidate for active or associate membership must be proposed by three active members of one year's standing in the club, having personal acquaintance with the candidate.

An active member on joining the club shall pay an initiation fee of five dollars, which shall cover the dues of the first year. Annual dues for active membership is (\$3.00) three dollars. The Woman's Literary Club of Glencoe was organized and incorporated in 1874 under the laws of the State of Illinois. There are now 117 active members. The beautiful property, corner of Hazel and Greenleaf avenue, building and contents, is owned by the club.

SCHEME THAT WORKED WELL

Doctor's Diplomatic Stroke That Settled All Question of Unpaid Fees.

A physician complained recently to a fellow-practitioner that he had great difficulty procuring his fee from fathers of new-born babes. His friend found a remedy for this state of affairs. On attending a case shortly afterward, and being asked if it would be quite as convenient were he to be paid his fee in a week's time, he replied:

"Quite, for I never lose any money on these cases."

"Indeed!" said the parent. "Well," said the doctor, "it is becoming a well-established superstition, based upon facts, that parents who allow their infant boy to start in life with a debt hanging over his head are sure to have a ne'er-do-well son, and the girl in such a predicament is sure to marry a pauper."

The feelings of the anxious mother could not bear this awful strain, and the fee was duly paid.—London Tit-Bits.

POPULAR ENGLISH WOMEN.

Who are the six most popular women in England, excluding Queen Alexandra, who, of course, is hors concours? The question is answered by readers, who place Florence Nightingale at the head of the list. Princess Christian, whose personal charm and boundless energy in the cause of philanthropy are well known, comes next; the remaining four in their order being the princess of Wales, Miss Ellen Terry, the countess of Warwick and Mme. Patti, who has never been able really to change the name she made her own, though she has made three attempts.—London Woman.

HOW TO USE IODINE.

If it is necessary to use iodine for painting the skin in medical treatment it is worth remembering that the painting should be done in the dark or in a red light such as is used in photography.

SIMILARITY.

"The new bookkeeper is a regular encyclopedia." "Smart, then?" "No, very thick." — Philadelphia Press.

ARMS, LEGS, AND THE MAN.

How many of us have noticed that we walk with our arms as well as with our legs; sitting on a grassy slope overlooking a seaside promenade the other day I was struck by the mechanical swing of the arms of the stream of passers-by—the right arm always keeping position with the left leg and the left arm with the right leg. By attempting to reverse the order of the swing I found that I had a tendency to progress like a crab, while the effort to keep them fixed by the side was like shutting off steam from the engine. Arms and the man must be amended to arms, legs and the man! —London Chronicle.
