Very sincerely,

Local Republicans Meet.

A rally of the Republicans was held at the new hall over the post office on Saturday evening for the purpose of organizing a Republican club. The attendance did not mark a high tide of political enthusiasm in Highland Park.

The chief address was given by Thomas B. Knight, president of the Hamilton Club, and Alderman George Mason of Highland Park, also spoke. The theme to which the speakers addressed themselves was the removal of weak places in the armory of the party.

A club was organized, with Frank Yardman as president, and Alderman Denzil as secretary.

"EDDIE" SHEAHEN KILLED
Caught Under an Electric Railroad Work Train.

Tuesday morning of this week "Eddie" Sheahen was killed at Winnetka by being run over by the work train on which he was conductor. He had just shifted his train to allow the 7:15 a. m. north bound car to pass, when something became wrong with one of the dump cars and he was in the act of fixing it when through some misunderstanding the train was started and he was caught under the wheels and horribly mangled, dying before he reached the hospital at Evanston.

His left foot was severed and his right leg practically cut off, and one of the trucks passed over the lower portion of his abdomen. His head was also badly bruised. The flesh was completely torn from his left leg from his knee down exposing the bone as clear as if it had been scraped producing a most ghastly sight.

Just exactly how the mistake was made could not be learned from the "Dagos" who were the only witnesses to the horrible accident.

Mr. Sheahen was generally known as "Eddie" his name being Edward, and great grief is felt among the Chicago & Milwaukee Electric motormen and con-over his untimely death.

He had left his wife and little four year old girl only about an hour before his death, and little did he or they think that when they would again see him—he would be a mangled, mutilated corpse. He was a loving father, an exemplary husband and a good citizen and resided in Highland Park. His wife was a Miss Shelton, daughter of John Shelton, 107 Moraine Road, and they resided at her home.

He is survived by one brother Mr. William Sheahen, Mr. Richard Shannon, his step-father. The heartfelt sympathy is extended to Mrs. Sheahen and her immediate family.

A host of friends of the family sympathize with the bereaved wife and child in their sad hours of mourning the loss of a husband and father.

The funeral of Mr. Sheahen took place at the home of his father-in-law, Mr. John Shelton, 107 Moraine Road. The services were conducted by Rev. Father O'Neill and the remains were laid to rest in Lake Forest cemetery Thursday morning at 10 o'clock.

NOTE OF THANKS

We would like to express our appreciation of the kindness and thoughtfulness of our many friends. We give heartfelt thanks to the Brotherhood of the R. R. Men's Union, and the K. of P. All were so staunch and loyal to us through our recent sad bereavement.

Respectfully
Mrs. Susanna Sheahen
Mr. John Shelton

RAILWAY CONDITIONS.

E. W. McKenna, Vice President of the Chicago Milwaukee & St. Paul Rail Road, addressed the Members of the Western Railway Club. In part he said:

"If the present forces at work should produce the dire result of compelling the railroads to allow their properties to depreciate the industrial and commercial community can look forward with full assurance to the fact that it will be the work of years to restore the railroads to the plane of efficiency which would admit of their handling a tonnage equal to that of past records.

The tenor of the address is indicated by the opening statement, which was: "There are approximately 3,300,000 citizens of the United States; investors in stock and bonds of railway companies, employees of railroads and persons engaged in the manufacture and sale of railway supplies, whose vital interests do not seem to have been the concern of anyone. These interests have been subject to attack by all the factions of militant political parties and to some extent by users of railways. The two forces have worked together for legislation in some instances directly fixing maximum rates of transportation of passengers and freight, and they have set their faces strongly against any increase in railway rates and have exercised a potential campaign for the reduction of revenue from whatever source it might arise."

The autumn leaves never looked more beautiful in the woods about Glencoe than at the present time.

Madam Plummer is visiting her son, John Plummer, in Denver, Colorado.

A large audience attended the Congregational Church last Sunday morning. Doctor M. W. Darling spoke feelingly of the lack of interest manifested by many of the church members. There were new families moving into the village all the time who should be shown a warm welcome; he would do his part. Doctor Wm. Burgess led in prayer. The church was beautifully decorated with autumn leaves. The new quartette, with Harry Williams at the organ, is adding much to the service.

Before the sermon Dr. Darling read from a letter which he had prepared. He prefaced the reading with the explanation that the letter, as originally written, contained his resignation as pastor, but in accordance with the wishes of the church officials, he withheld that portion of the letter that time might be given to consider the best course. The other portion of the letter, however, contained reasons why he thought a change of pastor was desirable. The statement was most kindly and friendly and exhibited the warmest interest in Glencoe affairs, and especially in the church of which he has been pastor more than nine years.

JUDGE EWING LECTURES.

On Monday evening Judge Ewing lectured on the subject of "Eloquence" in the Elm Street School auditorium. The entertainment opened with selections on the piano by Mr. Carl Beecher of Evanston, who played a number of his own compositions which were well received. He was followed by Mrs. Green of Wisconsin, who sang most delightfully. Ordinarily said the Judge, eloquence is re- regarded as a synonym of rhetoric, but mere words cannot be eloquent. Few men have the genius to speak eloquently. Eloquence is not a power, it is the effect of a power. Effect is the only infallible test of true eloquence.

Socialist's Talk.

M. C. F. Hughes, of Indianapolis, addressed a crowded meeting at the Fireman's hall on Tuesday evening on the subject of socialism. Mr. Hughes failed to enlighten us on the one question of which the public are in the dark, viz: the real definition of Socialism within the meaning of the party. The speaker traveled over the whole realm of social problems without, however, any specific answer to the present issues.

The audience was respectful and attentive. Literature on the subject was distributed and the invitation which is given at every Socialist meeting to ask questions relative to the subject, was given.

Murray & Terry, the North Shore real-estate people, have just closed the sale of the former Montgomery house, corner Sheridan Road and Maple avenue, to Dr. Edmond R. Moras, who will soon move from Chicago and occupy this fine residence property.
