### Keeps Heat "Just Right" Both Day and Night

This "boss" of the heating plant looks after your comfort, stands guard over your coal bin and safeguards the family from colds due to uneven temperature in the home.

#### The Jewell Controller with Time Clock attachment

is the only device that automatically provides for a higher temperature in the morning without losing thermostatic control through the night.

For example:  
Suppose you want to reduce the temperature of the house to 60 degrees during the night, but would like to have it at 70 degrees by the time the family arises.

Before retiring, you set back the controller to 60 degrees. Then you set the time clock attachment to bring the temperature up to 70 at seven o'clock.

In spite of any sudden changes out-doors during the night, the Controller will maintain the temperature you wish, and the faithful clock will open the drafts in time to give you the desired warmth in the morning.

And then all day the Controller goes right on keeping your house warmed "just right."

It is adapted for use with steam, hot water or hot air. Why not unload your heating worries on the "Jewell" and save money too?

Investigate this wonderful device. Shown and sold by

W. J. McNanly

#### FIREBUG BUSY IN CHICAGO.

Many Blazes on Coldest Day—Illinois Club Burned.

Chicago, Jan. 7.—The coldest day of the winter thus far proved to be the busiest day Chicago firemen have had for many months. More than 100 alarms were sounded yesterday and several stubborn fires were fought. Losses totalling nearly \$1,000,000 were caused.

The two most destructive fires ruined the Illinois clubhouse at 154 Ashland avenue and its valuable art gallery, the loss being \$325,000; and burned Darling & Co.'s fertilizing plant at Forty-second street and Ashland avenue, where the loss was \$500,000.

#### Costa Rica Swept by Storms.

New York, Jan. 7.—Fifteen lives were lost, three large iron bridges swept away, a railroad disabled for 30 miles, and telegraph lines destroyed by a week of torrential rains on the Atlantic coast of Costa Rica, Central America, at the end of last month, according to news brought yesterday by the steamer Siberia.

#### Erb Case Given to the Jury.

Media, Pa., Jan. 7.—The fate of Mrs. Catherine Belsel and Mrs. M. Florence Erb, charged with the murder of Capt. J. Clayton Erb at his country home, Red Gables, on October 6, was put in the hands of the jury at 4:30 yesterday afternoon, and after deliberating for four hours they were locked up for the night.

#### New Head of Carleton College.

Northfield, Minn., Jan. 7.—Prof. Donald J. Cowling of Baker university, Baldwin, Kan., has been elected president of Carleton college by its trustees to succeed Rev. W. H. Salmon. Prof. Cowling is a graduate of Yale. He will assume his new duties July 1.

#### Chinese Mutiny Story False.

Mukden, Jan. 7.—There is no truth in the report that 1,000 Chinese soldiers mutined in the vicinity of Mukden and were afterward engaged in battle with loyal government troops.

## ---HELP---

### The Earthquake Sufferers

By trading at our Store. During the first ten days of January 1909 we will give 10 per cent of our sales to help relieve the suffering in Italy, caused by the Earthquake. This applies to both our stores.

## CHAS. H. WARREN & CO.

Highland Park and Glencoe.

NOTE:—Contributions for the Earthquake fund will be received at our stores and forwarded to the proper authorities.
