

LAKE BLUFF AROUSED

As we go to press the citizens of Lake Bluff are assembling to make provision for protection against thugs.

The attack was made by two ruffians on Thursday afternoon while Mrs. Thos. Rankin was gone to the station to meet her husband.

This is the second burglary in Lake Bluff within a week or two.

CLEAN UP HIGHWOOD

The lime light has been turned upon Highwood with more than its share of public criticism.

There are conflicting statements as to the real conditions existing in Highwood, and especially as to who is to blame for the illegal sale of liquor.

But the authorities are now astir to clean out the dens and four men are now held by sheriff's officers charged with conducting blind pigs.

State's Attorney Dady has filed information against certain persons.

Sheriff Griffin admitted that the raid at Highwood will be a general one and claims that the State's Attorney's office has been busy with the matter for a week or more.

"We will call some witnesses who will surprise you right here in Waukegan," he said.

"There is going to be a general clean up down at Highwood," he said.

"I believe that Mayor Hogan saw it coming and that is why maybe he went to Arkansas and soon will remove his family there.

Highland Park News.

AN OCCASION WORTH WHILE.

One of the occasions that are worth while, took place Thursday afternoon, January 14th, at the home of Mrs. Frederick M. Steele.

Not one of those who were privileged to hear that helpful and uplifting heart to heart talk, could go away without feeling that life had a deeper and more sacred meaning.

Mrs. Besserer is blessed with a charming and appealing voice, and has had a wonderful experience in helping the downfallen.

Mrs. Besserer is blessed with a charming and appealing voice, and has had a wonderful experience in helping the downfallen.

God bless such workers, and God bless the hearers of her message, who cannot fail to be made better by the hearing.

DEATH OF A YOUNG CITIZEN.

News of the sad death of Mr. Peter Garbolet was received in Highland Park on Monday.

He formerly occupied a prominent position with the Chicago Edison Company, who regard his death as a decided loss.

The excessive heat caused by the clouds of steam incident to big machin-

ery resulted in a series of colds, and early last September Peter fell a prey to the dread disease, tuberculosis.

He died just after reaching his 21st birthday, and leaves a wife and baby boy.

The funeral occurred yesterday at the Baptist church, under the direction of the Rev. Leroy Dakin.

WOMEN'S CLUB MATTERS.

The Highland Park Woman's Club last Tuesday listened to a most interesting and helpful paper, written and read by the Principal of our High School, Mr. R. L. Sandwick.

Those who were so fortunate as to have heard Mr. Sandwick's papers read last year on "The Age of Adolescence," were able to discern a continuation in treatment of a subject really begun then.

Last Tuesday's address dealt more with what a meliorating factor in a community, a good modern, democratic High school might become; and the paper was afterwards requested by a guest at the meeting for the purpose of its being read before a civics club in a western town.

The Highland Park Woman's Club will try to advance the good work of The Tuberculosis Institute of Lake County, in the following manner:—Informal teas or simple entertainments will be given at the homes of a few members of the club, at stated intervals during the remainder of the winter.

MARRIAGES.

The marriage of Miss Helen Clark to Lieutenant Geo. Francis Patten of Fort Sheridan, was celebrated on Wednesday at the home of the bride.

MEN'S CLUB MEETS

The general interests of Glencoe and its citizens could hardly be better served than in such a gathering as that of the St. Paul's Men's Club, which met on Tuesday evening at St Paul's Guild hall.

The program was designed as a special Glencoe bill of fare, and it proved to be of the highest order.

There was music by Glencoe men and refreshments by Glencoe women.

The attendance was large, and was representative of both the churches, all of whom were intensely interested in the local theme.

It is probably that we shall be able to publish one or more of the papers in full.

MILK QUALITIES.

Following many complaints on the part of milk users, our Local Board of Health caused four samples of milk from as many different dealers to be sent to the Columbus Laboratories for analysis.

These reports were given to the City Council at its meeting January 5th, and in substance are as follows:

Sample A. 201,000 Bacteria per cubic centimeter—color bacilla present, 3.2 per cent fat.

Sample B. 1,280,000 Bacteria per cubic centimeter—color bacilla present, 3.3 per cent fat.

Sample C. 65,000 bacteria per cubic centimeter—color bacilla absent, 40 per cent fat.

Sample D. 61,000 Bacteria per cubic centimeter—color bacilla absent, 40 per cent fat.

When we consider that a cubic centimeter is slightly smaller than an ordinary caramel, these figures appear startling. The new Chicago Milk ordinance requires less than 30,000 Bacteria per cubic centimeter, and nearby modern dairies milk is certified to less than 10,000 bacteria per cubic centimeter.

The Union services of this week held on Tuesday and Wednesday at the Baptist church and Ebenezer church on Thursday and Friday have been well attended and good interest was manifest. The Rev. LeRoy Duff preached at each of the meetings.

Miss Burgess is now located in her new studio for vocal instruction and exercise. Her plans were a little disarranged by the delay of her piano and furniture but she is now ready to receive visitors at the beautiful suite of rooms, No. 12, 13 and 14 Erskine Bank Building.

Madam Raffin, an old resident of Highland Park passed away Monday morning at her home on Central avenue. Death was caused by pneumonia. The funeral services were held from the house on Wednesday at one o'clock, Rev. C. P. Goodson officiating.

The new special delivery stamp which has just been issued is a dull artistic green and is without the familiar figure of the running messenger boy. It is smaller in size and bears a severely classical design with the legend "10c" and "U. S." Postage. Special Delivery.

Our attention has been called to an error appearing in a recent issue. An article on Mr. Richard Street's resignation from the first National Bank stated that he had arisen to the position of department messenger whereas department manager was what was meant.

The Pfanzstiel Electrical Laboratory at North Chicago had a hard experience a week ago Friday. The water in the immense boiler used to heat the plant ran too low with the result that three of the seven sections of the boiler were rendered useless. By dint of hard work a new one was installed Sunday night.

Mr. R. L. Sandwick addressed a large and enthusiastic audience Tuesday afternoon at the Library hall. The lecture was given under the auspices of the Woman's Club. The subject of the lecture was "The Public High School". Our reporter was unable to be present but we are assured that the occasion was a great success.

Rev. A. A. Pfanzstiel has accepted a call to supply the Presbyterian church at Summerville, New Jersey. The many friends of Mr. Pfanzstiel in Highland Park will be glad to hear of his settlement and hope occasionally to hear from him through the NEWS-LETTER and we shall be pleased at any time to publish items from him.

Mr. August Salamanson celebrated his fifty-third birthday at the home of his sister, Mrs. A. Hill. Twenty eight guests were present and all report a good time.

In 1892 the city of Highland Park published a volume of city ordinances. Since that time many new ordinances have been passed and changes made in old ones so that the publication of that date is now practically useless except as for historical data. We understand that Alderman Mason as chairman of the judiciary has on hand a complete revision of the ordinances with a view to publication.

The pupils of Mrs. George Cole's piano classes gave a delightful musical recital last Friday evening, at the home of Mrs. Cole. Each performer did so well that each in turn was considered the best. The pupils were assisted in the program by Miss Edith Graham of Chicago, to whom it was a pleasure to listen. Her audience was so enthusiastic that she had to sing several numbers. Miss Graham was accompanied by her brother.

The Civics Club, organized some time ago by the young men of Highland Park, is doing good work and the club is growing fast in membership and the programs are highly instructive and interesting. A meeting in the Library Hall is called for this evening, Jan. 16, '09, and election of officers will take place. It is probable that H. M. Bacon will address the meeting. Every man is invited and it is hoped that a good number will be present.

Highwood News.

Uncle Jack is coming. Watch for him.

Mr. Shultis is at home, sick with the grip.

The Ladies Auxiliary of the M. E. Church wish to thank, through the columns of the NEWS-LETTER, the many friends who have helped them in their work during the past year, by liberal donations for the rummage sale and magazine collections. Mrs. Charles Yoe was one of the names specially mentioned.

Friday night was the regular meeting of the Epworth League of the M. E. Church. These young people are very ambitious to make their league a success, and have a novel way of doing so. At these meetings each member brings a guest and very soon that guest is a member ready to do the usual service of extending an invitation to a friend. Needless to say these meetings are very popular. The hostess on Friday night was Mrs. Harvey of Railway avenue.

The annual business meeting and election of the Ladies Aid Society was held last Thursday. The following are officers for the coming year: President, Mrs. C. Boyd. Vice President, Mrs. C. Gail. Treasurer, Mrs. K. Kelley. Secretary, Mrs. K. Pease. Chaplain, Mrs. D. D. Fritsch.

Mrs. Shultis, the retiring president, has proven herself an able leader, as shown by the following report of the treasurer: Receipts for the year..... \$624.16 Expenses..... 618.72 Balance on hand..... \$544

The M. E. Church (English) at the north end of Highland Park, has always had a rough road to travel. Not having an over abundance of members, it has a slim treasury. As it takes just as much coal to heat a church whether the congregation numbers twenty-five or one hundred; it can be easily estimated that the expenses of running the little church bear very heavily on a few.

The last year these dauntless few have ventured so far as to add a parsonage to the church property, which makes a great improvement. The Ladies Aid Society is to be congratulated, it constitutes the backbone of the church, and it is through their strenuous efforts that the improvements are possible. Mr. Walker, the pastor, took the charge a year ago last October, when it was, in any thing but a prosperous condition, and by conscientious, hard uphill work, has convinced the congregation that he is the right man for the place, and it is fervently hoped that conference will place him here for another year.

We reap what we sow, some harvests are longer in growing than others, but they all grow in time.

As surely as grapes on vines and figs on fig-trees grow" so surely best possible doings must bring forth best possible results.
