MISS LILLIAN E. BURGESS

Keeps Heat "Just Right" Both Day and Night

This "boss" of the heating plant looks after your comfort, stands guard over your coal bin and safeguards the family from colds due to uneven temperature in the home.

The Jewell Controller with Time Clock attachment

is the only device that automatically provides for a higher temperature in the morning without losing thermostatic control through the night.

For example: Suppose you want to reduce the temperature of the house to 60 degrees during the night, but would like to have it at 70 degrees by the time the family arises.

Before retiring, you set back the controller to 60 degrees. Then you set the time clock attachment to bring the temperature up to 70 at seven o'clock.

In spite of any sudden changes out-doors during the night, the Controller will maintain the temperature you wish, and the faithful clock will open the drafts in time to give you the desired warmth in the morning.

And then all day the Controller goes right on keeping your house warmed "just right."

It is adapted for use with steam, hot water or hot air. Why not unload your heating worries on the "Jewell" and save money too?

The house committee decided that the attack on President Roosevelt, delivered by Representative Cook, a Republican of Colorado, shall not be taken from the record.

In taking the oath of office President Taft will use the supreme court's historic bible, thus breaking up an old precedent, other presidents accepting new holy books.

Washington is ready for the inauguration of President Taft, and many visitors are already in the capital.

Iowans in Chicago have started a movement to augment the fund piling up for the erection of a substantial monument to the late William B. Allison, former nestor of the United States senate. The legislature and congress has also made an appropriation for a suitable memorial to be erected in Washington.

President-elect Taft, by the selection of Franklin MacVeagh of Chicago, completed his cabinet.

The house, after a hard battle and many amendments, passed the sundry civil bill, carrying \$137,000,000.

A committee of five members has been appointed by the house to decide whether Representative Cook's attack on the president shall be expunged from the record.

The provision in the diplomatic and consular appropriation bill that there shall be no ambassadorship created unless it has been provided for by act of congress has been agreed to by the conferees.

The house of representatives cut the salary of the president to \$75,000, the vice-president to \$12,000 and defied the senate which had fixed the amounts by amendments to the legislative appropriation bill.
