

**Lake Forest Horse Show.**

It is a matter of astonishment to the officials that more entries have been received for the Open-Air Horse Show, to be held at Lake Forest on Friday and Saturday, July 2nd and 3rd, than have been received at a correspondingly early period for any previous show. The entries do not close until June 24th, and it is the usual experience that most of the entries have been made during the last two days. The list of entries already received is most gratifying to the management and indicates that the interest in the horse is not waning, particularly in the saddle-horse and hunter. This is a class of animal the automobile cannot supplant. Of the twenty-three regular classes to be exhibited, twelve are composed of saddle-horses, hunters and saddle-ponies.

A novel and interesting feature of this horse show will be a Rough Rider Cavalry Drill by a picked troop of the First Cavalry I. N. G. The Illinois soldiers rival the regulars in the "stunts" they can do on horseback, and this exhibition will enable Chicagons to appreciate better the merits of our citizen soldiers. The cavalry will encamp on the grounds and exhibit their prowess both days. It is owing to the courtesy of Colonel Milton J. Foreman, commanding the regiment, that this interesting feature has been added to the program.

Mrs. Henry S. Robbins, chairman of the committee of the sale of boxes, reports a large sale, but she refuses to give a list of the holders until all the boxes have been disposed of.

May I offer a suggestion?

When you hear the fire whistle, PLEASE DO NOT CALL CENTRAL and ask her the location of the fire.

It is required of the operator on an occasion of this kind that she notify the various Fire Officials and Men and hold herself in readiness to give additional information should Fire Department so request.

Quite frequently the Fire Department calls for additional help or a doctor and the completion of an important call of this kind, as well as regular routine calls, might be considerably delayed were operators unnecessarily busy in replying to the many requests of the public as to the location of fire.
