One trial of these Remedies is all we ask.

# H. FRIEBELE

Painter  
Decorator  
Paper Hanger

124 E. Central Ave. Phone 245 Highland Park, Illinois

I take this means to announce to the property owners of Highland Park and vicinity that hereafter I shall include in each contract for outside painting a clause positively guaranteeing all such work to stand for a period of at least 3 years, and also all wall paper to hold fast to walls for at least one year from time work is done. Ordinary wear and tear excepted.

This you will understand is an unusual proceeding and something I could not do without the greatest of confidence in the material and workmanship which I employ. I trust that you will consider this when you contemplate work in my line and take this guarantee for its full worth.
