

GLENCOE NEWS

The Glencoe Choral Society will resume its regular rehearsals under the leadership of Mr. A. G. Bennett, on Monday evening, October 4th, at the Womens Library Club, to prepare for the annual Glencoe concert.

Every sinner has a future, just as every saint has a past.

The meek shall inherit the earth—but not this earth.

Miss Hazel Goss, leaves for Bennett School, New York State, October 5th.

Mr. and Mrs. Roger Culver are visiting in Glencoe with Mr. Culver's mother and sister Dr. E. M. Culver, Washington avenue. The young couple expect soon to leave for Texas.

Did you ever note how many different ways a boy has of hurting himself?

If you want to accumulate a choice lot of enemies, get up a tariff bill.

Miss Helen Martin, Longwood ave gives a card party this afternoon.

Miss Louise Lam, sails next Tuesday for Germany.

The Declaration of Independence said that all men are created free and equal. This is not true. Some can eat twice as much as others can. And it does not mean that all have equal opportunity, as many a hungry man can testify.

If bread costs too much nowadays, try a pie diet. Recently we saw exhibited the menu of a New Hampshire banquet given over fifty years ago, where there were listed fourteen different kinds of pie. Truly they were a race of pie-eaters in those days.

Every year there appears a number of people in Glencoe looking for homes not to cost over \$5,500. Will some one supply the demand?

A Cause for Snubs

"I merely said . . . and she called me down severely." "She gave me a thorough calling down." These and similar remarks were often made by a very talkative young woman. She didn't seem to notice how often she made these statements, nor to take any thought about causes. It was easy enough, however, for an impartial observer to see that she often made untactful or wholly uncalled for suggestions or passed judgments that were sure to "tread on some one's toes." Some people slide along in their social relations as smoothly as a canoe glides over a placid lake; others are ever in troubled waters. "In nearly all cases it is merely a case of cause and effect; if there is no cause there will be no effect," said an experienced society woman in talking about "cuts" and "snubs" and the like. When the auto car refuses to go as it should, the driver gets out and looks for a reason. So if your social machinery refuses to work as you think it should, look for causes; you'll find them.

"I've carried that stone in my pocket for over fourteen years," said a man who had at last "got even" with one who had wronged him. According to the world's estimate, there was nothing dishonorable in the way he had done it. The inevitable turning of the wheel had put the wrong-doer in the power of the injured, and he had quietly used his opportunity. He even prided himself in biding his time, as he called it, instead of taking violent revenge at the moment. Yet, one could but think how heavy that "stone" must have weighed in his pocket all those years! His revenge did the most injury to himself.

The following resolutions were adopted by the City Council, Sept. 14th.

Whereas, A tax has been levied for a number of years against the citizens of the Village of Glencoe on account of the Sanitary District, and

Whereas, The rapid increase in population in Glencoe and along the North Shore generally has brought an acute condition so far as the disposition of sewage is concerned, attended by a pollution of the waters of Lake Michigan that will at no distant day be a menace to the health of the district, and

Whereas, Considerable property is now being subdivided in Glencoe for which owners desire to install sewerage

improvements in the immediate future without being obliged at a comparatively early date to duplicate the expense if the intercepting sewers of the Sanitary District are so placed as to require a diversion of the flow in the reverse direction, be it

Resolved, That the Sanitary Board be requested to advise if they have any definite plans under way at the present time for affording Glencoe or other North Shore municipalities relief in this direction. If so, as to when it is expected that the improvements will be completed, and as to the location of the mains, so as to enable the Village engineer to base his calculations accordingly in planning for such sewers as may be installed between now and the time of completion of the sewers of the Sanitary District.

Be It Further Resolved, That a copy of these resolutions be sent to the Councils of the several other North Shore towns interested in this problem, with request that they also confer with the Sanitary Board in the event that they coincide with the view of the Council of Glencoe that this work should be pressed to an immediate completion by the Board of the Sanitary District.

Miss Lucy Smith of Pasadena, California, who has been visiting for some time with Mrs. Mary Becker of Sheridan Road, leaves this week for her home in California.

Mr. August Zeising and his three daughters leave this week for the East.

Archie MacLeish left last Tuesday for Hotchkiss School, Connecticut.

No state has a more antiquated and outrageous system of legal procedure as to civil and criminal cases than Illinois.

North Shore Society All Interested

The Rev. George Craig Stewart, formerly of Glencoe, pastor of Evanston Episcopal church, will make his debut histrionic on the occasion of the Illinois historical pageant on the Northwestern university campus in October. The rector is to appear in the role of Father Marquette in the first scene of the picture series. Incidentally, a number of well known men along the north shore have been pressed into service for the occasion. Usually they have been put in charge of groups, and among the men so occupied just now are Alfred Granger, John Wilder, John Nevin, O. W. Hinckley, Charles N. Stevens, R. R. Gilkey, Edward Hardy, Augustus Peabody, George Miller, William Walters, John Cheney, Stuart Johnson, and Frank Grover.

The public schools in Evanston and the military school in Highland Park have been drawn upon—Evanston for 100 youngsters to act as Indians and Highland Park for 200 of its cadets for French, English, and American soldiers.

Another group from Glencoe has been added to the original states—that of Delaware. Mrs. C. W. Hess is chairman of the new group, and the members are Miss Nina Howard, vice chairman; Mrs. J. C. Lane, Mrs. R. W. Stevens, Mrs. Isaac McCurdy, Mrs. Gordon A. Ramsey, Mrs. O. P. Barnett, Miss Dorothy Sargent, Miss Elinor Hurford, Miss Mabel Hillock, Miss Verna Hirsch, Miss Jessie DeLang, Miss Emma Wilmarth, and Miss Margaret Zeising. This group will be costumed in light green dresses, made after the style of those worn by the early pioneers. They will sell grape juice out of stone jars.

Women to Assist in Pageant

Committees to assist in the preparations for the historical pageant to be given Oct. 6, 7 and 8 on the campus at Northwestern University, from the various towns along the north shore, have been announced. Their personnel is:

- Lake Forest—Mrs. Hobart C. Chatfield Taylor.
 - Highland Park—Mrs. McGregor Adams Mrs. Frank R. McMullen.
 - Glencoe—Mrs. Andrew McLeish.
 - Winnetka—Mrs. Benjamin Carpenter.
 - Kenilworth—Mrs. Carroll Keith.
 - Evanston—Mrs. Harry J. Patten.
- Arrangements for the entertainment, which bids fair to eclipse in magnitude the elaborate original plans of its sponsors are going forward rapidly. The book, which will be recited by Donald Robertson, has been completed by Thomas Wood Stevens, and the music is being composed by Arthur Olaf Anderson and Frank Berry. The contract has been let for the construction of a stage 150 feet square.

The pageant, aside from representing the thirteen original states, will depict the history of the north shore from the time of the Indians and the early French explorers to the present day.

Conscience

"On what grounds do you desire to withdraw the plea of 'not guilty'?"

"On the simple ground that we are guilty. However, we must call the attention of your honor to the regrettable fact that the statute of limitations lets us out. Too bad we were not asked about this matter earlier."—Philadelphia Ledger.

Another Gibe

"Ah, there is nothing like being an actor," said the great tragedian with the two weeks' growth of beard. "Think of the free life in the summer."

"Yes," chuckled the fat comedian with the crimson beak, "and the free lunch in the winter."—Pittsburg Press.
