Tuesday evening about 7:30 o'clock, Mrs. John Sinnott was run into by a young man named Lun, who was riding a bicycle. The accident occurred at the corner of Green Bay Road and Homewood avenue. **The Law's Delays**

"I understand that you called on the plaintiff, Mr. Barnes. Is that so?" questioned Lawyer Fuller, now Chief Justice.

"Yes," answered the witness. "What did he say?" next demanded Fuller.

The attorney for the defense jumped to his feet and objected that the conversation could not be admitted in the evidence. A half hour's argument followed, and the judges retired to consider the point.

An hour later the judges filed into the court room and announced that Mr. Fuller might put his question.

"Well, what did the plaintiff say, Mr. Barnes?"

"He weren't at home, sir," came the answer without a tremor.
