The following in-
ter of prophesy was
the Ossili Club at
meeting Thursday.

HIGHLAND

My dear Kate:—

We are at
our old home after an
years. It is really the
but in such different surr-

As I look out of my
street and see the beauti-
well kept parkways and
the scene is entirely dif-
one I left years ago; the
were unsprinkled and
were well taken care of
were sadly neglected.

The first great change
in going into the new C
Western station in the
quiet and free from smog
all due to the use of elec-
ban service. We made
Highland Park in 20
clean, new cars, very d
dusty red plush cushion
to have, with the seat
down the aisles.

When we arrived at the
station I could hardly be-
lieve the same place. The
and the gravelled drives
fully laid out and with
flowers, it looked charm-
attractive after the smoke

We found the roadway
had been lowered with
Western trains cross the
concrete viaduct forms
head. It has added mu-
of travel and good ap-
town.

Both north and south
on St. Johns Ave. the
parkway laid out and k
unsightly coal and lumber
the tracks of North Cen-
been nearly hidden by tall
bery planted by the
ment Society."

We drove down Laurel
station and the first char-
an attractive small park
St. Johns near the Lib-
to be a grazing ground
pository for all loose
place for weeds. Now
are as well kept as the
street is well sprinkled
new electric motor sprin-
are able to keep the s
condition, and cover the
of the time the old ho
could do it.

When we came to the
Laurel and Prospect
prising, to see what had
the park. The shrubs
the care and thought
them and the grass, we
can well remember five
weed grown place and
looking shrubs. They
possibly once during the
