pardorable negligence of the community in respect to civic matters is shown in the fact that there is absolutely no provision made of the publicity of city council doings, and no demand for it—an unheard of situation demanding immediate attention.

It is high time for men who call themselves by the name of the

Master-Of-Right-Living

to get out into the open world of public duty and lead the forces of government in the interests of the largest public welfare. No man is worthy the name Christian who does not know the character and record of the men put forward for public office, and for whom he votes; who does not use his influence for the putting forward of worthy men, men who are not necessarily successful business men, nor able lawyers, nor competent journalists, but men who have by training and experience shown fitness for such office.

First Baptist Church, Highland Park, E. LE ROY DAKIN PASTOR.

Fort Sheridan News

Mrs. Chandler of Lansing, Michigan, is visiting her sister, Mrs. Spaulding.

Major and Mrs. Van Poole entertained on Wednesday at dinner.

Mrs. A. W. Brown entertained the ladies card club on Thursday afternoon.

Col. Stephen E. Mills spent several days this week inspecting the horses.

Mrs. E. W. Howe has returned from the East where she has been visiting.

The death of Col. Carter came as a great shock to the people at the post.

Mrs. Roland Boughton has joined Lieut. Boughton and they are living in the third loop.

Mrs. Charles F. Crain entertained at bridge on Thursday.

Lieut. Cocke and Mrs. Cocke entertained at bridge in honor of Miss Duncan.

Despite the combined efforts of the Chicago police department and the police of neighboring cities, no trace has as yet been found of three men who are said to have deserted from the United States army post at Fort Sheridan. The men are William Youngman, Paul E. Radtka and Charles Howard. Youngman, a member of the Fifth Battery Field Artillery, was detailed to guard the other men, who were serving terms for desertion.

SILVER SALID BOWL PRESENTED TO MR. FRANK R. McMULLIN

On Saturday, April 16th, the annual meeting of the Highland Park Club was held in the club rooms, and after an enjoyable dinner, the yearly statement was read, and discussed. President McMullin made an interesting address, stating what had been accomplished during the past year, and the other officers read their reports. Then followed the election of officers for the current year, and as there was no opposition, the secretary was instructed to cast a vote for the following:

President, Eugene A. Bournique, First Vice, President, Guy V. Dickin, son; Second Vice President, Chas. F. Everett; Treasurer, John R. Washburn. Directors.—J. F. L. Curtis, J. P. Smith, F. B. Hussey, F. N. Baylies, and G. J. McBride.

President Bournique made a felicitous speech, which was well received.

It looked as though there was not much more business to transact, when Mr. Eugene E. Andrews, in his usual graceful and humorous manner, arose and said that he believed that Mr. Jacobsen had something to say before they separated.

Mr. Jacobsen took the floor, and said:—This interruption reminds me of the little boy and girl, who were left alone by their mother for two hours. When the mother returned she found the little boy had struck his sister and spit on her. He was severely reprovved and seeming penitent his mother said: "It must have been Satan that tempted you to hit little sister." The boy replied, "Yes, it was Satan who made me strike sister, but the spitting was an idea of my own."

"This interruption, therefore, is an idea of the club members, and I would ask you all to go back in memory to 1907, when our club was much smaller than at present. We were losing members, revenue was decreasing, and it looked at one time as though the club might possibly disband. There was general depression among the members, we were like the children of Israel, wandering in the desert, waiting for a Joshua to lead us to the land of promise and prosperity. We had had several Moses' but, needed a Joshua. Fortunately for us, Joshua arose, and with a splendid staff of officers, led us all to victory. The first step taken by the new administration three years ago was to induce charter members to release their claim upon the club. This was asking them to do a very generous and unselfish thing, but it was accomplished, and after many discussions and conferences, enough money was raised to build the present large wing south of the club house, which has proved such a very great source of enjoyment and satisfaction to all concerned. The membership was greatly increased and the club more prosperous in every way, and we owe this to those who have managed the affairs of the club during the past three years.

Amidst our rejoicing and deep abiding gratitude, for the masterly campaign of our leader and his staff, may say, "Who was this Joshua?" "You ask whence comes our chieftain? The answer we will make, He comes up from Ravinia, From his cottage by the lake."

Our Joshua was Frank R. McMullin, and that is why to-night, in honoring him we honor ourselves. Some men may have many dollars, but few friends. Other men have many friends but few dollars. Frank McMullin has many dollars and many friends, and no one begrudges him the solid success he has achieved.

Frank McMullin is a large man, big hearted, big brained, a natural leader, a pleasant, good natured, generous, capable man, one of nature's noble men, and at this time we must not forget to voice our gratitude to the officers who so ably helped Frank McMullin to bring our club to its present happy condition.

"The time has come, however, for our former leader to lay down the cares of office. He has borne the burden and heat of the day and out of our club we have chosen another wise and capable leader who will, no doubt, fully justify our careful choice.

"We are not going to allow Frank McMullin to escape, as we all feel under obligation for what he has done for us during the past three years, and I, therefore take pleasure in presenting to him a silver salad bowl, with this inscription etched on the bottom of it.

"Presented to Frank R. McMullin,

by the members of the Highland Park Club, with sincere gratitude for his capable, generous and energetic services as president of the club for three years, 1907-8-9."

This is presented to you, Mr. McMullin, by the members of the Highland Park Club, as a token of their love and loyalty, and is not by any means a measure of their appreciation of what you have done, a debt we feel we can never fully repay.

"In years to come, when the shadows of life's evening begin to fall, this will remind you, and your children, that at least once in your well spent life, you earned and received the gratitude and appreciation of those whose interests you so effectively and generously served."

Mr. McMullin confessed that this was complete surprise to him and made suitable response. It is a very handsome salad bowl, the work on the silver having been done by hand. The club members well recall the efforts during the past three years, which have put the club on solid and prosperous basis, and felt that the recent annual meeting was a fitting time to celebrate the success that had been achieved.

COUNCIL VOTE \$30 000 CONTRACTS

To Expend Large Sums Improving Roads and Water Main.

Contracts for improvements amounting to almost \$30 000 was let by the Board of Local Improvements of our city at a meeting held in the City Hall Thursday night.

The largest contract amounts to \$15, 134. It is for repairing Waverly avenue from Sheridan road to Sheridan road, a distance of 27 000 feet. Sheridan road intercepts Waverly avenue at two points, describing a half circle.

The road is to be macadamized, and with this improvement, and the fact that it is near the lake-front, Waverly avenue will be the most popular drive in the city.

Plans for a new bridge across the ravine on Waverly avenue have been submitted to Commissioner of Public Works, H. L. Bowen and bids for the construction of the bridge also have been invited.

The bridge is to be of concrete, 25 feet high and 130 feet long. There will be five arches. The bridge is estimated to cost \$6 000.

St. John's avenue will be paved from Sheridan road to Lincoln avenue at an estimated cost of \$5,479. A water main to cost \$657 will be installed on Orchard avenue and a sewer costing \$590 will be built along the same street.

"Pink Dominoes", With Characters Changed, Will Be Presented April 29.

If the advance sale of tickets for the play to be given by the Alumni Association of the Deerfield Township High School of Highland Park April 29 can be taken as a criterion, a record breaking attendance is promised.

"Pink Dominoes", a three-act comedy by A. Delacour and H. Hennequin, will be presented, but the scenes and characters have been changed to localize the production to Chicago.

Rehearsals have been held nightly for the past few weeks under the direction of Arthur R. Williams, professor of commercial branches at the Deerfield school, whose ideas were followed in changing the original play.

Miss Maud Chamberlin of Lake Forest, who has appeared in a number of amateur productions along the north shore, will play a leading part.

Lester Levin of Highland Park will appear in a special singing and dancing act. Levin is preparing to enter the theatrical field as a profession.

The play will be given in the theater at Ravinia Park. Those interested in the affair are Miss Nellie Fitzgerald, Gertrude Nevins, Maud Chamberlain, Alice L. Baker, Helen R. Coale and Messrs. Lester Nevins, William B. Wrenn, Arthur R. Williams, George Phillips, Arthur McCaffery, George Millard, William Lowrie, Thomas Gail, Earl G. McPherson, Percy Prior, Archibald Abercrombie and Frank Conrad.

Announcement has been made of the recital given by the violin club of Mr. George Colburn, assisted by Henry Schauflier, cellist, on Tuesday evening at Mrs. Jones studio. Due to lack of space a fuller account of this event will not occur until next week's issue of the News Letter.

CHILDREN TO PLANT ARBOR DAY TREES.

Schools and Improvement Association Plan to Beautify District.

One hundred and fifty trees will be planted by the members of the Highland Park Improvement Association on Arbor Day. Donations of trees and shrubs have been promised the organization by owners of greenhouses.

The fountain in Central avenue, near Sheridan road will be surrounded by trees and members will plant trees at other points where they will do the greatest good toward improving the town.

Mrs. Benjamin Fessenden will conduct a special Arbor Day celebration at the new Home for Aged and Disabled Railroad Employes of America, in our city.

THE LAKE SHORE COUNTRY CLUB.

Rapid Strides Toward Completion

The Lake Shore Country Club of which Mr. Alfred Leopold is President, is making rapid strides toward its completion. The club grounds, occupying about 200 acres just South of the County Line, and east of the Rail Road. About a hundred men under the direction of the landscape gardeners are laying out the links. Many of the trees and bushes have been taken out, so that the lake may be seen from passing trains. The club house on the bluff is well under way. The foundations are 370x100 feet and the building when completed will be the finest of the kind in the United States. Already other club buildings are going up just west of the Sheridan Road, under which is a subway through which the players can pass from the club house to the links without danger from passing automobiles. Several fine residences are under roof. Mr. Stonehill's is the most pretentious, being a large fireproof brick and stone building, near the Lake and just across the ravine from the club house. On either side toward the road are arched brick garages, to accommodate a dozen automobiles. A little further south is Mr. Bensinger's fine house, and around on the County Line Road are two more large residences, which are in full view from the railroad, one is Mr. Kohn's, the other Mr. Markwell's. Mr. Oscar Rosenberg of the Standard Varnish Co., have just bought the adjoining ten acres where the little white farm house stands. M. Rosenberg will build this summer. Mr. M. Kosminsky, President of the French Line Steamship Co., has built on part of the Birch property on the Sheridan Road a little north of Ravinia Park entrance, and it is predicted that within a year or two fifty or more fine houses will be built in this immediate vicinity. A handsome station is to be built on the County Line crossing. Many members of the club have rented homes in Glencoe and Highland Park.

LEGAL NOTICES.

SPECIAL ASSESSMENT NOTICE No. 175

Notice is hereby given to all persons interested that the City Council of the City of Highland Park, County of Lake and State of Illinois, having ordered that Ravinia Avenue, in said City of Highland Park, from the easterly line of St. Johns Avenue, easterly to a point twenty-eight hundred feet easterly from the center line of Forest Avenue, be graded, drained, curbed, and paved with concrete macadam, provided with a concrete bridge, and otherwise improved, the ordinance for the same being on file in the office of the City Clerk of said City, and having applied to the County Court of Lake County for an assessment of the costs of said improvement according to benefits, and an assessment thereof having been made and returned to said Court, the final hearing thereon will be had on the 9th day of May A. D. 1910, or as soon thereafter as the business of the Court will permit. Said assessment is payable in ten (10) installments, with interest at the rate of five (5) per cent per annum, on all installments, from and after date of first voucher issued for work done. All persons desiring may file objections in said Court before said day, and may appear on the hearing and make their defense. CHARLES L. FINNEY, Officer appointed to make said assessment. Dated at Highland Park, Illinois, April 22, 1910.

STATE HAPPENINGS

Alton.—Mrs. A. K. Jones, a farmer's wife, is near death in her home, five miles north of here, and her husband is wounded seriously as a result of an attempt to assassinate the couple when they were driving home. The authorities believe the shooting was due to a neighborhood feud. The state's attorney issued warrants for Tom and James LeMaster and Jasper and Edward Wine-miller, neighbors. They were placed under bond. Mrs. Jones told the authorities of the shooting only after a physician had reported to the state's attorney. Jones refuses to discuss the shooting.

Alton.—The first roll of petroleum butter, the Standard Oil's latest product, benevolent assimilation, is to be tried out at the Wood River refinery near Alton. Preparations are being made to manufacture the product here and the machinery that will do the milch cow what the automobile did to the horse has been shipped. The new product will be known as petroleum butter. It is said to be of the same consistency as lard butter, but lighter in color. It lasts a great deal longer than real butter, it is said, and does not become rancid.

GRAND PLAY BY COLLINS

His Feat of Throwing Out Three Men in One Batted Ball Never Duplicated.

Bill Purcell, Lee Tannehill, Harry Steinmetz, Jimmy Collins and several other big league stars are high-class third basemen, but it is a clutch that not one of them ever accomplished the feat chalked to the credit of one Jimmy Collins. Collins performed the wonderful feat of throwing out three men on the plate on one batted ball, which is something never before equaled in the annals of big league baseball.

It also happened in the year 1902 when Collins was a member of the Boston team. The scene of the feat was the Boston American league park and three Cleveland players were the victims. Bradley was on second and Jack Carthy on first, when Goch-nauer hit a short single to left.

Collins got the ball and shot it to Catcher Farrell a yard ahead of Bradley. Carthy was scooting toward third at this juncture, and Farrell threw back to Collins to get Jack. The toss was poor and McCarthy tried to score. Jimmy proved a good retriever. He chased the ball to left, recovered it and spun it home in time to get McCarthy.

Goch-nauer, who had been having a nice time on second all this time, now started for third, and again Farrell's throw was poor. The coacher at third took a long chance and waved the "go home" signal to Goch. Johnny kept on if going at the speed he used

Who is It From?
