SOCIETY COUPLE IN DANGER IN RUNAWAY

Mr. and Mrs. Henry Atwater Have Narrow Escape When Auto Frightens Horse.

Mr. and Mrs. Henry Atwater, prominent society people of our city, had a narrow escape from serious injury Sunday, when the horse drawing a carriage in which they were riding bolted at a passing automobile and ran away.

The Atwaters were married a little over a month ago. Mrs. Atwater's maiden name was Adeline Lobdell. She is the daughter of Mr. and Mrs. Edwin Lyman Lobdell of 2716 Prairie avenue, Chicago. Mr. Atwater is the son of Mrs. Henry Atwater of Highland Park.

The runaway occurred on Green Bay road, between Lincoln and Roger Williams avenues. Mr. Atwater was driving.

The horse, a spirited animal, shied continually during the drive. A big sixty horse power automobile came along in the rear of the vehicle, the engine chugging and the horn tooting.

The horse started to prance. It backed up and only the presence of mind of Mr. Atwater in forcing the animal's head around prevented the vehicle from being overturned.

Suddenly the horse shot ahead and Mr. Atwater was unable to check its flight. Fortunately the road was clear and danger of a collision with other vehicles was eliminated.

Out of sight and hearing of the automobile the horse finally quieted down, but it was not until it had run more than a mile and was almost exhausted.

"We had a narrow escape," said Mrs. Atwater after she returned home. "I felt sure that the carriage would overturn."

NEGRO INFLUX IS OPPOSED

Fashionable Exmoor Protests Land Sales in Subdivision.

Acting for the residents of Exmoor the fashionable subdivision of our city, Mr. F. M. Terry, called on the real-estate firm in Chicago, which is said to have sold land in that section of the city to negroes, with a petition signed by more than two score of people. Mr. Terry reported later in the evening that he had exacted a promise from the firm to do all in their power to prevent the threatened invasion of the most exclusive district in the city by blacks. The residents are determined to keep negroes out of Exmoor. It is said that a piece of ground has been purchased by a negro, part of the money having been paid.

The last two were re-elected. The grievance committee composed of C. Whitney, J. D. Pope and C. T. Heydecker was reappointed.

"SANE FOURTH" PLEA OUT.

Pastors and Women of North Shore to Dispel Danger

Clergymen in every town along the North Shore between Evanston and Waukegan will advocate the celebrating of the Fourth of July in a safe and sane manner from church pulpits between now and that time. Half a dozen priests and ministers have signified their willingness to make mention of this subject in sermons and with their aid a quiet Fourth along the Fourth Shore is assured.

The Rev. Columbus Polk Goodson, pastor of the First Presbyterian church of our city, who first suggested the idea of a "sane" Fourth, was responsible for appeals being sent to officials of the towns to regulate the sale of fireworks and explosives. "The death knell of noisy and dangerous Fourth of July celebrations has been sounded," said the Rev. Mr. Goodson. "We have a duty to perform to children and we must not allow them to maim and injure themselves with explosives on the National holiday."

Women's organizations have taken up the question. At Winnetka the members of the Women's Club are circulating petitions asking that the sale of fireworks in the town be prohibited.

RAVINIA PARK TO OPEN.

The Ravinia park will be opened this summer was the announcement made in Waukegan last Monday morning by Attorney F. S. Monroe of the Chicago & Milwaukee electric road, who stated that the New York Symphony orchestra under the direction of Walter Damrosch will be the opening attraction. The date of the opening was not announced.

PLAN CONCRETE BRIDGE

Highland Park Men Decide to Replace Shattered Structure.

Instead of repairing the wooden bridge across the river on Sheridan road near the county line in Highland Park, which collapsed last week, it is planned to build a concrete culvert. The ravine is more than fifteen feet deep. According to their plans, the culvert, with retaining walls on either side, will be ten feet high. Both sides of the road will be graded.

CLUB WOMEN TO RETURN

The Highland Park women who went to Cincinnati last week as delegate to the Central Federation of Women's Clubs now in convention in that city are expected to return Thursday.

DATE FOR HEARING FIXED

Protests Against Ravine Avenue Assessment to Be Made May 23.

A hearing of protests from property owners of Highland Park against the amount of the assessment for converting Ravine avenue into a drive will be held in the County Court at Waukegan May 23, on which date it is expected George H. Mason, city attorney of this city, will return. The hearing will be before Judge DeWitt L. Jones.

Mr. Holland has broken ground and begun the foundation for a handsome home he is building on Vine avenue, east of Linden avenue and adjoining the residence of Mr. Corwith.

A Great Opportunity! But You Must Act Promptly! Lyon & Healy's WASHBURN PIANO MUTUAL BENEFIT PURCHASE PLAN

Here is your opportunity to get a fine instrument at a special price.
READ THIS PLAN CAREFULLY.

To every purchaser of a Washburn Piano at retail on our wareroom floor during May, 1910, we shall allow \$1 for each Washburn Piano

sold by us at retail during the month up to the number of twenty-five; for the next Washburn Pianos sold up to fifty we shall allow 50 cents each; for the next Washburn Pianos sold up to one hundred we shall allow 25 cents each.

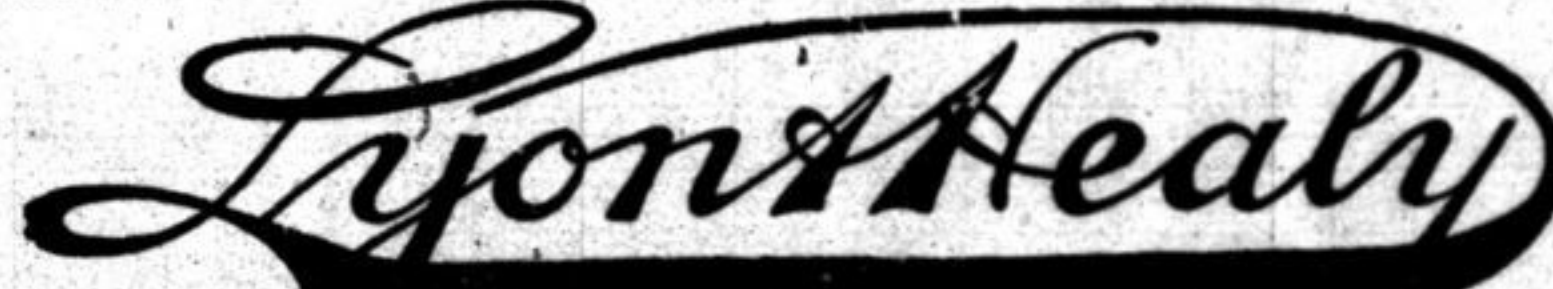

This is a bona-fide Mutual Benefit Allowance which we charge to advertising, because we believe it will be worth a large sum to us to introduce the latest models of the Washburn Piano in all sections of the city at once.

To those who buy a Washburn Piano for cash we will send a check for the amount of the benefit June 1st, and to those who buy on time we will make a credit on their note or account.

EXAMPLE—Thus, should we sell only twenty-five Washburn Pianos at retail during May, this benefit would amount to \$25 (\$1 on each of the first twenty-five Washburns sold); should we sell 50 Washburns it would amount to \$50 (that is, \$1 on the first 25 and 50 cents on the second 25); should we sell 175 Washburns this benefit would amount to \$75. You would actually save that sum. The retail price of the Washburn Piano remains precisely the same as always—\$275, \$300, \$325 and upward. \$10 down will place one of these beautiful Washburns in your home. The balance may be paid by easy monthly installments.

PLEASE OBSERVE that this offer in no way savors of a Prize, or Puzzle Contest—but in the strictest sense of the word is a Straight-forward Business Proposition.

The Washburn Piano is made by the same factory organization that made the world-famous Washburn Mandolins and Guitars. It is owned by the stockholders of Lyon & Healy.

WABASH AVENUE AND ADAMS STREET

STATE NEWS

Elgin.—Protests against any of its members joining the Illinois Reserve Fund association, a contract concern, was voiced by members of the Fox River Medical society in semi-annual session here. The measure presented by Aurora physicians to determine the attitude of the members of the society toward the contract association met with decisive defeat. For several months the question of the contract association has been up. The plan of the concern is that the patient signs a contract with the company and the company provides a physician if needed. The doctor is paid from the general reserve fund. Dr. William T. Bellfield of Chicago read a paper and the discussion was led by Dr. J. R. Tobin of this city and Dr. Venn of Aurora. Following the banquet Dr. Basset of Chicago and Dr. W. A. Windett of Aurora addressed the assembly.

Decatur.—After keeping their secret for a year and a half, Neva Dolson of Arcola and Percy Honn, who lived in the same county, have confessed to eloping to Terre Haute, Ind., a year ago last January and being married there at the time. Young Honn was a farmer, but since the marriage he has gone to Tennessee, to college to study for the ministry. There was no reason why the couple should have eloped and they give no reason for preserving secrecy about the affair. Mr. Honn will return to Arcola the last of this month to arrange to go to housekeeping.

Chicago.—Joseph Myer, also known as "Corby," of 1111 North Branch street, shot his wife in the right hand, tied a stone to a rope around his neck and jumped into the river at the Division street bridge. He knocked down a policeman who tried to rescue him, jumped back into the water and was saved only when six other officers dragged him out and held him. He was taken to Alexian Brothers' hospital, and had to be strapped to a cot. The cause of the quarrel between him and his wife is not known.

Chicago.—Flirting with two detectives resulted in the arrest of Isabelle Gordon, residing at 1416 Park avenue. An investigation made by the police showed she had

escaped from the home for girls at Geneva, Ill., and when questioned she admitted she had fled from the institution March 25. "I did not mean to flirt, but I just 'made eyes' at the men when they passed me," she said. "Had I known they were policemen I would have run away." The Gordon girl is sixteen years old.

Mount Vernon.—The home mission convention of the southern Illinois conference of the Methodist church is in session here, and several hundred delegates are present. Among the prominent Methodists present are: Dr. Charles M. Boswell, Philadelphia; Henry J. Coker, Kansas City, Mo.; Dr. Claudius B. Spencer, Kansas City; Dr. W. E. Doughty, New York; Dr. James Rowe, superintendent of missions, Chicago; Bishop Joseph H. Berry, Buffalo, and Bishop John L. Neulsen, Omaha.

Springfield.—A national federation of retailers, jobbers and manufacturers, formed for the purpose of regulating prices, profits and output of food products, was proposed to the national convention of retail grocers in an address by D. A. Bethard of Peoria, president of the National Jobbers' association. Fred Diers, state president of the Nebraska Grocers' association, introduced a resolution to boycott all jobbers and manufacturers who sell goods to mail order houses.

Danville.—As a result of pretending to hold up J. E. Gillespie, a grocer, Henry Truman is now in a hospital with a bullet in his jaw. Truman boasted to Gillespie that he could "stick him up" and get away with it, but when he subsequently entered the store to make good his boast, Gillespie reached for his revolver and shot him instead of holding up his hands as he had been commanded. Gillespie now says he "didn't know it was loaded."

Danville.—Fearing the threats of insurgent miners to force the repairmen to cease work at the Electric mine near Hillery, and to destroy the mine property, Hartshorn Brothers, owners of the mine, appealed to Governor Deneen and he ordered Company I, Fifth Infantry, I. N. G., of this city to guard the mine. The soldiers were taken there in command of Capt. D. R. Swain and Sheriff W. S. Helmick.

Our Job Office is in every respect complete. Prices reasonable.
