STATE HAPPENINGS

Rock Island.—Maj. W. C. Hawes, head clerk of the Modern Wood- men of America, stated that in view of the charges filed against officers of the society before State's Attorney Wayman, at Chicago, he proposed this week, when the executive council meets in monthly session, to demand that the state insurance department be asked to make an investigation of the society's affairs.

Hawes pointed out that while the directors are charged with exacting commissions for themselves from banks as the terms of depositing the funds of which they have charge, no reflection had been made on the management of the society's affairs.

"I do not propose that there shall be any misunderstanding by the public with reference to the manage- ment," he said, "and for that reason I propose to ask that every department be examined without delay. We have nothing to conceal here."

Chicago.—State's Attorney Way- man will this week investigate the charges that certain officers of the Modern Woodmen have been enjoying a "takeoff" from deposits of the order's funds in banks. These deposits on April 1 last were about \$3,200,000.

F. S. Webb, who is preparing a de- mand that State Superintendent of In- surance Fred W. Porter investigate the Woodmen order, which has not been the subject of such an inquiry since 1906, finished his formulations of charges, and said his document will reach Springfield this week.

"Much worse matters than extrava- gance will be shown," he said. "My work in this direction is not to harm the order, but to save it."

Springfield.—The losses of the Farmers' Elevator company of Illinois, 23 miles east of Springfield, will depend largely on just when the farmers who stored grain in the elevator during the winter demand pay- ment. The elevator has been closed down for a week pending an investiga- tion as to why the company had sus- tained losses estimated as high as \$40,000. The stockholders held an in- formal meeting and decided to in- crease the capital stock of the com- pany from \$10,000 to \$26,000 and failed to reappoint G. H. Gray to the position of manager. It developed at the meeting that stored grain had been shipped to commission merchants and the proceeds used to buy futures on the board of trade. The futures were in May corn which suffered a big drop, and the necessity of putting up suf- ficient margins to cover these deals resulted in big losses.

Chicago.—Concealed in a gunny sack, the bodies of two male infants, twins apparently, were found in a ditch in East Ninety-fourth street near Cottage Grove avenue. Police of the Grand Crossing station began a search for the parents, but have no clue. The sack was found by Mrs.
