MONTREAL FIRE DEATHS 29

Three Bodies Are Recovered From the Ruins of the Herald Newspaper Building.

Montreal, June 15.—A search of the ruins of the Herald building, which was destroyed by fire, brought to light but one additional victim, making in all three bodies recovered. Relays of police and firemen are digging at the ruins believed to contain the bodies of 26 additional victims. A wild crowd began to besiege the city morgues, searching for missing relatives and friends. Reports from the hospitals indicate that the 25 injured are doing well.

GERMAN LUTHERAN CHURCH. Rev. C. Hintz, Pastor. Sunday service 10: a. m. Wednesday evening meeting 7: 30 P. M.

A SABBATH IN GLENCOE.

We took to ourselves the pleasure last Sabbath of being present at the Sabbath school exercises of the Glencoe Congregational church and also attended the church services.

The attendance at the Sabbath school was not large; but it was gratifying to learn that the proposition to suspend the Sabbath school work for the few hottest weeks of the summer was promptly voted down.

Following the Sabbath school came the church services. The pastor took for his text 1st Thessalonians, chapter 5, verse 16; "Rejoice evermore." The sermon was plain, simple and practical. The illustrations were to the point and the applications appropriate. We need more of such preaching. In this hurly-burly, hustling, over-strenuous age we forget to be cheerful; or else think we haven't time to exercise such virtues. And the worst of it is that there are few things more contagious than the pessimistic grumbling of a cheerless, dissatisfied soul.

We shall never forget the merited rebuke and at the same time the excellent advice which we received many years ago from a humble source. We were chafing and grumbling over some trifling incident when a man, evidently a common plebeian, as we sometimes say, walked up to us and in a stammering manner, addressed us as follows: "Did-didn't you know th-th-that there were-were two things yu-yu-you shouldn't fr-fr-fret about? Well what are they we

gruffly asked, wu-wu-one of them is th-the thing you k-k-cant help, and the other is the th-th-thing you can help. We dare not say we have always practiced the lesson but at least we have never forgotten it. Furthermore we believe this to be true; no man ever posse-ssed a thought stored away in his memory without being consciously or unconsciously influenced for good or bad by it. And herein is one of the most serious lessons of life. We cannot today quote the preacher's language, nor can we, if we would, help being influenced by the thoughts which he expressed.—Ed.

After tomorrow evening there will be no evening services in the Congregational church until September.

Miss Mary Andrew is spending a few days in Castle Park, Michigan.

Miss Bernice Trude entertained a few friends on Monday evening.

Mrs. William Jacobs and Miss Grace Lusk left yesterday for Gull Lake, Michigan, where they will spend the summer on the Jacobs farm.

Mr. Frederick Howell and family left this week for Spring Lake, Michigan where they will spend the summer.

Major, Miss Helen Calhoun's fine saddle horse died last Sunday. Miss Calhoun who is a very fine horse-woman, rode Major a great deal, and will feel his loss very deeply.

Mrs. Pease and daughter Miss Grace of Chicago are occupying Mr. Brandriff's home on Greenwood avenue until the later return.

Plans are made for a residence for Mr. William H. Edwards at the south intersection of Lincoln avenue, and Bluff street. It is to be a two story and basement structure, 48 by 32 feet, and to cost \$6500. Mr. Edwards has a very choice site not the least attraction of which is a splendid elm tree at the north west corner of his grounds.

Miss Marjorie and Master Hugh Whitaw entertained a number of their friends on the evening of last week.

Mr. Fred Weaver spent last Saturday and Sunday with relatives in South Bend.

Mr. Murray Wixon spent Sunday with his father and mother, Mr. and Mrs. W. A. Wixon, at their home on Grove street.

Mr. A. G. Dujeu spent Saturday and Sunday in Janesville, Wisconsin, visiting relatives and friends.

Mrs. Henry Winslow returned this week from St. Paul where she went some time ago to attend the affairs of her mother, Mrs. Wright who died here several months ago.

Mr. and Mrs. F. C. Goodspeed have returned from their months trip through the west.

The "Ohio Ladies" known as the "Buck-eye club" of Glencoe, gave a luncheon at Rockerfeller, Ill., in honor of Mrs. Otto Barnett who leaves in a few weeks for a trip abroad.

Paul Fehd, one of the best known of the older citizens of Glencoe, died very suddenly at a home he had recently acquired in Michigan. The remains were brought to Glencoe and interred in the Dagget cemetery at the County line. Mr. Fehd was a son of the venerable John Fehd, one of the pioneers who established the Fehd home near the Village line. He was for many years one of the highway Commissioners for New Trier.

Miss Emma Wilmarth entertained a number of her friends on Wednesday afternoon.

It has been decided to keep the Sunday School in the Congregational Church open during the summer. It is hoped that all the boys and girls who are in town will remember and come at the regular time 9. 45 A. M.

The marriage of Mr. Henry Schultz and Miss Philamie Kalk was solemnized at the Sacred Heart Church in Hubbard Woods at nine o'clock on Tuesday morning. The wedding breakfast was at the home of the bride's brother Mr. Joseph Kalk on Vernon avenue and Adams street. Mr. and Mrs. Schultz left for a short trip across the lake, and after their return will begin housekeeping in the home corner of Vernon and Washington avenues.

Dr. and Mrs. Dougal and son William of Joliet, are the guests of Mr. and Mrs. Charles Whitlaw.

Mr. Douglas Cornell leaves in a few days for a trip in the East. He will visit friends and relatives in several New England States, and return home about August first.

Mr. Charles Allison spent several days this week here in Glencoe. He left the latter part of the week for New York City.

Mr. Dougal Kittermaster returned this week from Toronto, where he has been attending Upper Canada College.

Miss Mildred Macy of Madison, Wisconsin, is the guest of Miss Alice Underwood.

A number of the young folks about town participated in a "Beach Tea" on Thursday evening. They were chaperoned by Miss Helen Calhoun.

Mr. and Mrs. Jacob Schnur, and Miss Ruth, and Mr. Ben Schnur returned this week from their trip around the world. They visited Honolulu, Japan, China, India and many other countries, in both Asia and Europe before sailing for New York. They were gone about five months.

Mrs. Armbrust and daughters Misses Marion and Catherine of Gardena, California were the guests of Mr. and Mrs. Calhoun this week.

Tomorrow, July 2, is Communion Sunday at the Congregational church. It is hoped that this will be kept in mind and that there will be a large attendance.

Mr. George Tracy has returned from a fishing trip in Wisconsin. Mr. Tracy made a very good catch and many friends enjoyed a fish feast at his expense.

During Mr. Cornell's absence the pulpit at the Congregational church will be filled by Dr. Darling, the former pastor, except on the seventeenth. On that day a representative of the American Bible Association will preach.

Master Lawrence Barnett who has been at Interlaken, Indiana, attending the summer school, has returned to spend the Fourth.

INDEPENDENCE DAY CELEBRATION.

The Independence Day Celebration this year it is promised, will far surpass that of other years in many ways.

More people have united to make this a "Sane Fourth" and still a "Glorious Fourth", and more time, money and ambition are being used to make this Independence day a memorable one. There will be a grand patriotic and industrial parade at 9 a. m. Their line of march is north on Longwood avenue, from the village park where they will form to Central avenue, west on Central to the Sheridan road, south to Hazel avenue, west to Greenwood, north to Fletcher, west to Grove, and then south to the school grounds where at 10:30 the field sports will begin. There are to be races and games for everyone, and everyone is invited to join in the fun, and help make fun for everybody. The ladies of the Guild of the church of St. Elizabeth have made arrangements to serve a cafeteria luncheon at the Guild hall as soon as the morning sports are over. At 3:00 p. m. there will be a ball game on the school grounds and at 7:00 p. m. a band concert, and the ascension of balloons. The school grounds and particularly those around the band stand will be brilliantly lighted with electric lights, festooned among the trees.

The Board of Trustees at meeting on the 28th, ordered that a warrant issue to the Village Treasurer directing him to place in the Library fund \$1404 23, funds collected for the library fund but held (through oversight) in the General Fund. This results from the habit of the County Treasurer's office paying over the library collections as general funds. The Village under the statute, authorized the council to levy a two mill tax for a public library. The Council levies as authorized and directed by law. The County Clerk refuses to obey their mandate to spread the library tax separately because he cannot discover a way to collect a special fee for doing it, and the County Treasurer pays it to our Treasurer as general funds, and leaves that officer to figure out the division.

WORK OF THE VILLAGE BOARD

The Board of Local Improvements, at meeting on the 28th, acting on a recommendation and estimate made by the President, ordered a public hearing to be held on July 5th, for a special assessment to build a sidewalk along the easterly side of Green Bay Road from Central avenue to Snyder's crossing.

Citizen Fanning, who was in the lobby, by permission presented some objections to the scheme, which had been brought forward and abandoned a year or more ago. Mr. Fanning reminded the Board that a contract was made in January, 1897, between the Village and Albert C. Frost, who was at that time President of the Chicago & Milwaukee Railroad, for a new street between Snyder's Crossing and South avenue; that this contract had never been fulfilled nor abrogated; that an attempt to assess the property covered by it would be likely to involve the Village in complications which it would be wise to avoid.

Village Attorney Ramsey, being present, in reply to Mr. Fanning's postulate, expressed the opinion that there was no legal difficulty in the way of assessing that frontage and collecting the assessment.

The order for the public hearing followed the discussion.

At the meeting of the Board of Local Improvements on the 28th, preliminary steps were taken for a special assessment to lay a water-main in the east side of Green Bay Road from Central avenue to Snyder's crossing, connecting at the latter with the main to be laid from Vernon avenue and Green Bay Road, west of the tracks, to the Newhall subdivision. The scheme also includes a line in Lincoln avenue from Vernon across the railroads to a connection with the proposed line in Green Bay Road. Public hearing was set for July 5th. Cost estimated at \$34,000.

At the B. L. I. meeting on the 21st June, no bids were received for the sidewalk between Lincoln avenue and the Railroad station grounds along the westerly side of Railroad avenue. At the meeting on the 28th, a private proposal was sent in by Mr. E. B. Perkins, of the Chamber of Commerce building, Chicago, offering to do the work at 17 3/5 cents per square foot (88 cts per linear foot). Local builders will doubtless be ready to build a standard village walk for somewhere about 70 to 75 per linear foot.

The B. L. I. has ordered that advertisement be made for bids for laying mains in the Sylvan Newhall subdivision, with a connection west of the railroads at intersection of Vernon avenue and Green Bay Road and two connections in Sheridan Road, on the east. Estimated cost something over \$10,000; opening to be July 5th.

The work of building the South-End sewer system, for which bids were taken June 21st was awarded on the 28th to Frank R. Mortimer, Glencoe, at his bid of \$41,620.00. The laying of water main in Monroe avenue, from connection with main in Linden avenue to one with main in Vernon avenue, was awarded to William Davidson, of Winnetka, Illinois, at his bid of \$1610.00.

Glencoe Water Supply.

President Hughes at the Council meeting on the 28th submitted an interesting statement regarding an interview between himself and President Greeley of Winnetka. He was informed by Mr. Greeley that the Winnetka Council have it in contemplation to enlarge the intake to their water works during the present season, and before undertaking the large expenditure involved, in this work they would like to secure some assurance from Glencoe that we will be willing to renew or extend the existing contract for water supply. The present agreement between the two villages dates from September 16, 1893. It was first for ten years, with option on the part of Glencoe for a renewal for another ten. It was renewed, so that the existing contract has yet to run to September 15, 1913. Mr. Greeley suggests an extension now for ten years more, as giving Winnetka the needed assurance to go ahead and at the same time carrying the agreement forward to 1920, with provision for further extension then, if agreeable to Glencoe.

Mr. Olson thought well of the suggestion to make the seven year extension suggested by Mr. Greeley. Under such an extension, it would be proper for Glencoe to pay the rate fixed in the present agreement for the three years it has yet to run—viz: Seven and one-half cents per thousand gallons; but for the other seven years following that, and for later extensions of the agreement if made, he thought Glencoe would be entitled to a lower rate.

The original agreement provided that Glencoe should pay eight cents per thousand gallons until the annual take should exceed twenty-five millions. When that was exceeded the rate should be seven and one-half cents. Glencoe has been using more than 25,000,000 for several years, and is now probably exceeding sixty millions. Mr. Olson's suggestion was that the present rate of consumption, and still further, the steadily increasing amount that will be taken each year, ought to entitle Glencoe to a more favorable rate than the present one.

Mr. Olson moved that Mr. Hughes be requested to give President Greeley the desired assurance that Glencoe was willing to engage for a renewal or extension as suggested and would pay the present rate up to the date which marks the expiration of the existing agreement; but that she would expect a more favorable rate for the remaining seven years, and President Hughes was desired to try to reach an understanding with the Winnetka Council as to what rate they would be willing to grant. This motion of Mr. Olson was adopted, and Glencoe water takers will await the outcome of negotiations with considerable interest.

FAST AUTO FOILS BANDITS

Chauffeur Speeds Up When Command to Halt is Given—Shots Fly Wild.

Santa Barbara, Cal., June 28.—Two highwaymen attempted to hold up E. E. Ballinger of Denver and a party of friends while they were motoring north through the Casitas pass, half way between this city and Ventura. The men were armed with rifles. At the command to stop the chauffeur speeded up and made a turn in the mountain road just as the bandits fired three shots, which went wild.

Curtis May Fly Across Lake.

Chicago, June 29.—Glenn H. Curtis, famous aviator and inventor of aeroplanes, while in Chicago said he might be one of the contestants for the Walter Darlington prize of \$5,000 for the first successful flight across Lake Michigan from Chicago during the aviation meet July 2, 3 and 4.
