

The Theaters

With one exception "My Cinderella Girl," holds the seasons' long run record for Chicago, therefore it is entitled to be called the most successful of the current musical attractions, at present playing. The theatre is kept delightfully cool by means of artificially cooled air, consequently, the warm weather has not affected the attendance.

This breezy musical farce is an ideal summer entertainment, and the audience is kept laughing from the rise of the first to the fall of the final curtain. There are many tuneful musical numbers including, "Put the ball over the pan McCann," a baseball song with a waltz refrain which promises to be even more popular than "In the Good Old Summer Time" or any of the other so called popular songs of recent years. The exciting baseball game between the rival Siwash and Pinta-Gollage teams, which is played in full view of the audience in the last act, has been witnessed by nearly all of the National League teams playing Chicago, all of the players have pronounced it a marvel in stagecraft.

"My Cinderella Girl" will remain at the Whitney until Sept. 3rd when a tour of the principle cities of the West including, Milwaukee, St. Paul, Minneapolis, Denver, Omaha, Kansas City, St. Louis, and Indianapolis, will be made, none of the smaller cities or what is known in theatrical parlance as one-night stands will be visited this season.

The Theodore Thomas Orchestra, at Ravinia Park.

The Theodore Thomas Orchestra opens its annual two weeks season at Ravinia Park, Sunday [July 17th] The Orchestra has just returned from an engagement at "Willow Grove," Philadelphia, where they have been playing the past few weeks.

In the early days of Chicago's Musical history, the Theodore Thomas Orchestra first became identified with this City by a series of Summer "pop" Concerts given in the old Exposition building which stood upon the Lake front and which was converted for the purpose into a summer garden.

The program there offered, copies of which are in the library left by Mr. Thomas, will always be identified with history of music in America. For taste, arrangement and values, they remain as treasures of program constructing.

Profiting by this long association and training with Mr. Thomas, our own Frederick Stock has developed a genius for making programs that is unique. His offerings at Ravinia furnish the lover of popular music delightful reading. While the standard maintained is in keeping with the organization, he seems to have culled the best musical literature for tuneful, joyful effects.

Marches of Elgar, Overtures of Mozart, Beethoven, Weber and Goldmark. Ballot music of Tschakowsky, Glazounow, Bizet and Delibes, Hungarian Rhapsody's and Danes of Liszt and Brahms, Waltzes of Strauss. Sketches of Grieg's, Massenet's, Saint-Saens and McDowell, and beautiful bits of Handel and Schubert, are marshalled together in beautiful array.

Friday night will be "Wagner" night and Thursday afternoon "Childrens Day."

But two Soloists will appear during the week, on Sunday evening the new concert master Hans Letz and on Saturday evening Bruno Steindel, first Cellist.

A Great Opportunity! But You Must Act Promptly! Lyon & Healy's Washburn Piano Mutual Benefit Purchase Plan

Here is your opportunity to get a fine instrument at a special price. READ THIS PLAN CAREFULLY.

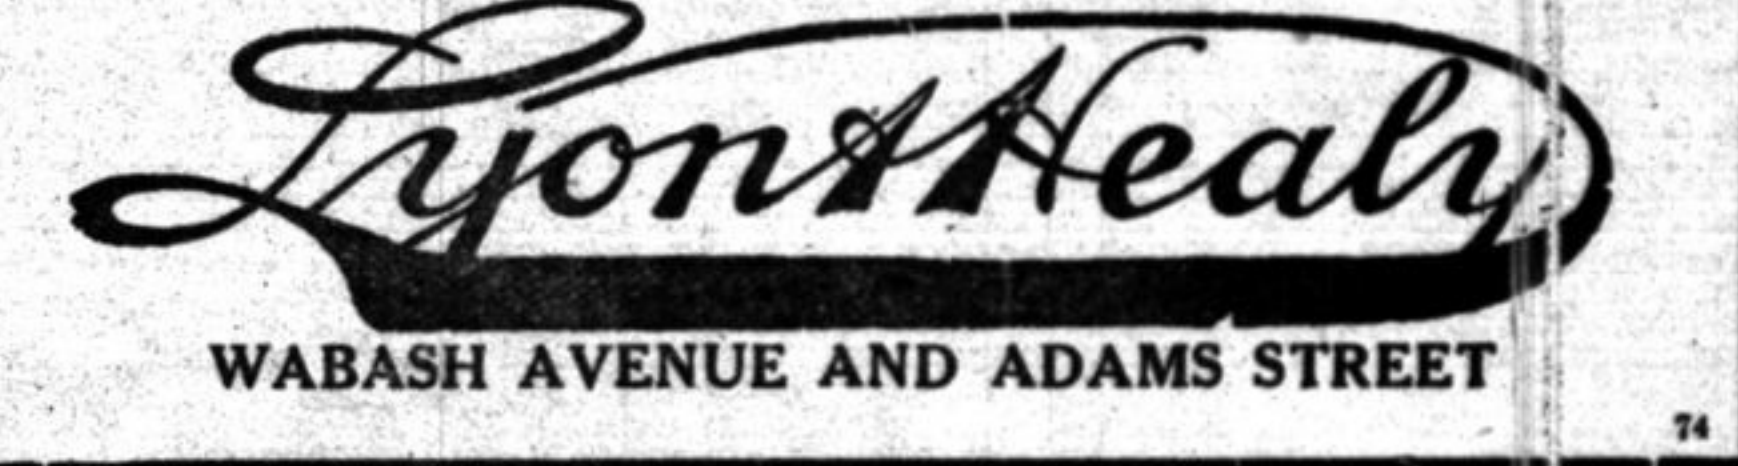

To every purchaser of a Washburn Piano at retail on our water room floor during May, 1910, we shall allow \$1 for each Washburn Piano sold by us at retail during the month up to the number of twenty-five; for the next Washburn Pianos sold up to fifty we shall allow 50 cents each; for the next Washburn Pianos sold up to one hundred we shall allow 25 cents each.

This is a bona-fide Mutual Benefit Allowance which we charge to advertising, because we believe it will be worth a large sum to us to introduce the latest models of the Washburn Piano in all sections of the city at once. To those who buy a Washburn Piano for cash we will send a check for the amount of the benefit June 1st, and to those who buy on time we will make a credit on their note or account.

EXAMPLE—Thus, should we sell only twenty-five Washburn Pianos at retail during May, this benefit would amount to \$25 (\$1 on each of the first twenty-five Washburns sold); should we sell 50 Washburns it would amount to \$37.50 (that is, \$1 on the first 25 and 50 cents on the second 25); should we sell 175 Washburns this benefit would amount to \$75. You would actually save that sum. The retail price of the Washburn Piano remains precisely the same as always—\$275, \$300, \$325 and upward. \$10 down will place one of these beautiful Washburns in your home. The balance may be paid by easy monthly installments.

PLEASE OBSERVE that this offer in no way savors of a Prize, or Puzzle Contest—but in the strictest sense of the word is a Straight-forward Business Proposition.

The Washburn Piano is made by the same factory organization that made the world-famous Washburn Mandolins and Guitars. It is owned by the stockholders of Lyon & Healy.
