DENIES APPROPRIATIONS REACHED BILLION DOLLARS

Chairman Tawney Disputes Charge and Points to Record of Constructive Legislation.

Washington, June 28.—Republican claim-Actual probable fixed charge against the revenues during the fiscal year of 1911, \$893,120,761.

Democratic claim-Congress at the session just closed again passed the billion dollar high water mark.

Both Parties Agree—Appropriations for expenses of the government made during the past session aggregate \$1,027,133,446.

These contentions epitomize the annual review of national appropriations and expenditures, made public by tions committee of the house and ranking Democratic member of that Representative Livingston of Georgia

committee. Mr. Tawney's fixed-charge statement is based on deducting from the aggregate the authorizations which carry no appropriations.

Che North Shore News-Letter Mr. Tawney asserted that a sum buy mary of the constructive legislation "Was not a receipted bill delivered of the first regular session of the to you with the suit, and did you not Sixty-first congress constitutes a rec- tell the boy when you took the suit ord of accomplishments surpassing in and the bill that you would call and importance any previous session in the history of congress. LAW SHOULD CHECK GREED

Attorney General at Harvard Law School Talks on the Control of Public Utilities.

Cambridge, Mass., June 29.—Attorney General Wickersham, in an address before the Harvard Law School association reviewed in brief the development of the last few years toward the control of public utilities, and compared it to the growth of the machinery of trade, now comes to a control of great lines of industry by corporations or individuals.

"Never before has it been possible to lay so direct a toll upon the public through the concentration of industrial power," he said. "The full significance of the attempt to check the growth and power of great combinartions though the commerce clause of the constitution was scarcely perceived at the time of the enactment of the Sherman law, nor until successive interpretations of it had been given by the Supreme court.

"The history of nations indicates that a certain period of national development becomes necessary to interpose by legislation between the rapacity of individual greed and justice and fairness to the whole people. "The right of every community to legislate respecting property affec-

ed by a public use was early recognized." Mr. Wickersham referred to the Standard Oil and tobacco cases now waiting decision of the Supreme
